ROCK PLANTS
DWARF SHRUBS AND IRIS
1949-50

CARL STARKER
JENNINGS LODGE
OREGON

INTRODUCTION

It is with real pride that we offer the finest collection of well grown plants that we have ever had. We have added many new and interesting items of real merit.

Our nursery is not large and in many cases our stocks are limited. **Early orders** will be appreciated, and we will ship at any time you designate.

We have small amounts of many plants not listed. Write us regarding your needs.

We would call especial attention to our fine collection of Japanese iris. Our listing is one of the most extensive in this country. The sight of our field at blooming time with its wealth of delicate frilled blooms in their lovely pastel to deep and brilliant tones paints an unforgettable picture.

We recommend especially our **Auricula plants**. Last year we bloomed several thousand choice seedlings and by careful selection we are developing a superior strain. We are listing them in separate colors.

Our fern listing warrants careful study. We have a large selection of these useful shade lovers. Our fine English imported ferns have increased to some extent but are not included in the general list. Write us about them if you are interested, we can spare you a few.

Our collection of aromatic and culinary herbs is alluring. They want more using!

Heights given in our descriptions are ultimate sizes. Plants sent out are not usually mature specimens. We can often furnish a variety of sizes at proportional prices to those listed. All dwarf evergreens are grown from cuttings to insure true dwarf character.

Please do read terms of sale carefully!! We can send larger plants if **you will pay** express charges. **We do not** pay transportation on shrubs and dwarf trees.

Prices in this catalogue cancel any previous listings.

Whenever it is possible, we would like to have you visit our garden. We are situated on a paved road one-half block east of the four-lane Portland-Oregon City highway, No. 99-E. If you are approaching Portland from the south, turn to your right at Hull Ave. crossing, which is about a mile north of Oregon City. If you are coming from Portland, turn to your **left** one block **after you** pass the interurban grade crossing at Jennings Lodge. If you become confused, ask anybody in the neighborhood. We have been here thirty years. We live at the garden, so there is almost sure to be someone to welcome you, no matter what time of day you chance to come.

TERMS OF SALE

NON-WARRANTY IS A CONDITION OF ALL SALES MADE. We intend to send out good, clean stock that is true to name, but on account of the great number of conditions over which we have no control, we can assume no responsibility after stock is delivered. If stock reaches you in poor condition, please let us know **at once**, as we can assume no responsibility for any failure which may occur after a lapse of time. ORDER EARLY. We would suggest that you order early, especially if you wish new or rare plants, as in a good many **cases our stock is limited**, and you may be disappointed if you delay. **Please write your name and address plainly.**

TIME OF SHIPMENT. We make a point of mailing orders as soon as possible after we receive them, so **if there is any reason why you do not want your order shipped immediately, please be sure to inform us, and give the date on which it is to be shipped.**

STOCK. All orders will be filled with good, strong healthy stock that will be reasonably sure to bloom the first season. **May we substitute?** We may be short of stock.

TERMS. Cash should accompany all orders. No order will be accepted for less than \$2.00. Make checks payable to Carl Starker.

POSTAGE. All states west of the Mississippi, add 10% to help cover postage and packing. States east of the Mississippi, please add 15%. We refund promptly if too much postage is sent and bill you if inadequate postage is allowed on your order.

We can send larger plants if you will pay express charges.

Retail sales only. We do not have adequate stock for wholesale orders.

NO PLANT ORDERS SHIPPED DURING DECEMBER on account of our Christmas wreath making.

WESTERN FLOWER ARRANGEMENT

by CARL STARKER

A new book to encourage and instruct the home flower arranger. There are 7 brief chapters on "how and what" to do and 100 photographs arranged by seasons with descriptive notes on containers and materials used. The book is planned for the home rather than show purposes and uses only simple, easy to grow or obtain materials.

The author has conducted a weekly column with photographs and notes on arrangements in the Portland Sunday Journal Garden Section for some years, and has held classes and lectured widely in the Northwest on the art of flower arrangement.

This book will find wide usage. The text is clear and concise and the information is sound. The keynote of the basic rules is simplicity and through its careful study one may develop arrangements of originality and distinction.

We are proud to announce that it is included as one of the four books on flower arrangement in the "100 Best Books for the Gardeners Library," as compiled by Paul Frese, editor of Flower Grower, E. L. D. Seymour of American Home, and Elizabeth Hall, Librarian at New York Botanic Garden.

Mrs. E. W. of Chico, Calif., says of it. "The illustrations are good. The script is so entertainingly written! One gets all enthused to make something new. You have a way of putting things in writing that gives that 'lift' to one's spirit."

We think you'll like it and we're proud of this little book. Price \$2.50 per copy, postpaid. Autographed copies will be sent if desired.

CHRISTMAS GREENS

We are especially fortunate in being situated in a part of the country in which many different types of evergreens grow to perfection. By combining sprays of so many different textures and color tones, we achieve harmonious and lovely wreaths which are interesting on account of the number and variety of the materials used, as well as being deliciously fragrant, and fairly breathing the spirit of Christmas. We do all of this work ourselves, and each wreath is an individual creation, differing slightly from all of the others.

We have developed two types of evergreen wreaths. The larger sort is made from rather long sprays of evergreen and ornamented with berries and big pine cones. We often add sprays of plain or variegated holly and berries, as this makes them more colorful. A wreath of this type, made on a ten inch frame will be about 24 inches wide when finished. They sell for \$4.00 each. We will be glad to make more elaborate ones to order at \$4.50 and up.

The smaller kind of evergreen wreath is more compactly made of shorter branches, smaller cones and juniper berries, and holly, so that it is not so large or wide when finished. These are very dainty wreaths, suitable either for doorways or for inside decoration. We sell a great many of the smaller sizes for use in apartments. We make them in several sizes at \$1.50, \$2.00, \$2.50 and up to \$4.00. The \$1.50 wreath is made on a 6 in. frame and when finished is about 10 in wide. The \$2.00 8 in. frame makes a 14 in. wreath, and larger sizes are in proportion.

We can make you attractive door sprays or swags of evergreen, cones and holly. They can be decorated with copper bells and tied with waterproof ribbon if you choose. Prices range from \$1.50-\$5.00.

We can also supply selected Oregon grown holly, well berried, at 75c per lb.

The price of wreaths, sprays and holly as quoted does not include transportation charges nor the cost of boxes for shipment. Boxes are charged at cost, for the large wreaths 30c and 35c. For the smaller types, 20c and 25c.

Orders should be placed by the 1st of December, so that we can give them proper, unhurried attention.

ROCK PLANTS AND ALPINES

Realizing that most gardeners want plants that require no pampering, we have included in our list only a few that are at all difficult to manage. If your space permits, by all means use several plants of one kind, rather than one plant of many kinds. The result will be much more pleasing.

S. indicates that the plant needs a sunny location; S-sh means that it requires half shade; Sh means that shade is needed; D means that the plant will thrive in a dry place, and B. means that it is bulbous.

ACAENA. Neat little carpeter with mats of rose-like foliage.

Glauca. Beautiful silver gray leaves. 35c.

Inermis. (*Microphylla*). Purple-bronze foliage. 35c.

ACANTHOPHYLLUM Spinosum. S. D. Tight cushions of spiny foliage, which in late summer produce white to pink blooms. 50c.

ACHILLEA. S. D. Attractive feathery leaves. Good for poor soil.

Argentae. A mass of silvery foliage. White flowers. 4 in. 35c.

Filipendulina. For the border or large rock garden. Feathery foliage and flat heads of bright yellow flowers. 3 to 4 ft. 35c.

Nana. Ferny mats. Flowers white. 2 in. 35c.

Tomentosum Aureum. Mounds of gray downy foliage with flat umbels of golden flowers all summer. 6 in. 35c.

ACONITUM Anthora. S-sh. Handsome 18 in. Monkshood with clear yellow flowers. 50c.

ACORUS gramineus variegatus. Attractive tufts of green and yellow striped grass like foliage. 4 to 6 in. 50c.

AJUGA. Bugle Flower. Sh. Attractive ground cover with rosettes of foliage and lipped flowers in spikes.

Brockbankii. Dark, bronzy metallic leaves. Blue flowers. 35c.

Pink Spire. Clear pink blooms. Bright green leaves. 7 in. 35c.

Variegata Foliosa. Variegated with cream, pink and green. 35c.

ALLIUMS

The flowering onions are excellent garden subjects, and also make fine flower arrangement material, for they remain fresh for a surprisingly long time after they have been cut. They are easy of culture, and will do well in any sunny spot which has fairly good drainage. The varieties we offer are all quite distinct.

Albopilosum. Large round heads of silvery lavender flowers, quite starry and open in effect. Especially effective and long lasting as cut flowers. 16 in. 35c.

Album. A fine September bloomer with fragrant, starry white blossoms which turn upward. 18 in. 35c.

- Amophyllum.** Loose heads of orchid blooms with blue anthers. Long season bloomer. Mid-summer. 18 in. 35c.
- Beesianum.** Grassy foliage and heads of blue flowers. 8 in. 35c.
- Cernuum.** Pretty, nodding pink blossoms in loose heads. 8 in. 35c.
- Farreri.** Violet colored flowers. Rare. 4 in. 50c.
- Flavum.** Loose heads of lemon yellow flowers. 8-10 in. 35c.
- Flavum Minor.** Similar to the above. 6 in. 35c.
- Globosum.** Round heads of mulberry and silver. 18-24 in. 35c.
- Karataviense.** Recurving wide foliage with decorative lavender and frosty green markings. Flowers pale lavender. 6 in. 35c.
- Moly.** Bright yellow flowers. Broad glaucous foliage. 10 in. 35c.
- Mt. Cenis.** Attractive round heads of rosy lavender. 8 in. 35c.
- Neapolitanum.** Loose clusters of large, pure white flowers with green stamens. Good for cutting. 12-14 in. 35c.
- Ostrowskyanum.** 8 in. stems and large heads of rosy flowers. 35c.
- Pale Pastels.** Tight heads of pale pink to silvery lilac. 8 in. 35c.
- Pulchellum.** Loose heads of orchid bloom. Good for cutting. Attractive even in seed. Late. 8-10 in. 35c.
- Ruby Gem.** Tight heads of amethyst rose. Long blooming. 35c.
- Thibeticum.** Rosy lavender, late. 35c.
- Triquetrum.** Flat, glaucous leaves and large, long, white bells marked with green, in loose clusters. 8-10 in. 35c.
- Tuberosum.** Loose heads of white flowers. Late. 12 in. 35c.
-
- ALCHEMILLA Alpina.** Ladies Mantle. Foliage beautifully silvered beneath. A nice foliage plant with tiny chartreuse flower clusters. 35c.
- ALYSSUM.** S. Showy plants for walls and well drained situations.
- Saxatile Citrinum.** A light yellow form of saxatile. 35c.
- Saxatile Fl. Pl.** A fine double flowered form of saxatile. 50c.
- ANDROSACE Lanuginosa.** S-sh. Trailing silky silver green foliage. Verbena like heads of soft rosy lilac in late summer. 50c.
- Primuloides.** Silvery rosettes of foliage and lilac pink blooms in round heads. 3 in. 35c.
- Sempervivoides.** Smaller rosettes than Primuloides. Greener and less silky. Bright pink flowers. 50c.
- ANEMONE.** Windflower. Lovely plants of easy culture.
- Apennina.** Starry clear blue, many rayed blossoms in earliest spring. Rare. 5 to 6 in. 50c.
- Blanda Mixed.** Exquisite starry blooms in earliest spring. Colors vary through white, pink and blue. Rare. 50c.
- Fulgens Multipetala.** Brilliant velvety red, double flowers with black centers. Rare. 50c.
- Nemorosa Alba Fl. Pl.** S-sh. Lovely abundant double white flowers. Very pure and waxy. Choice and rare. 50c.

Nemorosa Alleni. S-sh. A beautiful variety with fine large flowers of clear lavender blue. One of the best. 60c.

Nemorosa Robinsoniana. S-sh. Pale powder blue with buff reverse. 50c.

Pulsatilla. S. Silky buds open to form deep lavender flowers with golden centers. Attractive fluffy seed heads. Likes lime. 35c-50c.

ANTHEMIS. S. Showy plants for hot sun.

Aizoon. Tufts of narrow silver leaves and white flowers on 4 to 5 in. stems. 35c.

ANYTHYLLIS Vulneraria. A delightful mat forming plant with gray green leaves and yellow heads of blooms. 35c.

APHYLLANTHES Monspeliensis. S-sh. Gray-green rush-like leaves. Delicate soft blue star-like flowers. Distinct and rare. 50c.

AQUILEGIA. COLUMBINE. S-sh. Handsome foliage. Showy flowers in May and June. A favorite in all gardens.

Akitensis Var. Kurilensis. Large deep blue flowers on 4-5 in. stems. Very fine. 50c.

Alpina. Lovely large blue flowers. 12 in. 35c.

Canadensis Nana. Dainty red and yellow flowers freely produced on rounded bush-like plants. Dwarf. 8-10 in. 50c.

Clematidiflora. Flat spurless blooms like clematis flowers, mixed colors. 35c.

Ecalcarata. Delicate foliage and pendulous blooms without spurs, in claret to chocolate tones. Attractive and different. 8 to 12 in. 50c.

Flabellata Nana. Glaucous foliage and very large flowers of lovely waxy blue and white. Blooms early. Choice. 8 in. 35c.

Flabellata Nana Alba. Pure white form of the above. Dwarf. 50c.

Jucunda. Lovely soft powder blue and white flowers. 12 in. 50c.

Longissima. Refined glaucous foliage and exquisite large lemon yellow flowers with long spurs 4-5 in. long. Fragrant. Rare. 50c.

Long Spurred Hybrids. A fine strain of long spurred, broad petaled flowers of many exquisite shades. 35c.

Reuteri. Choice species of clear lovely blue. 35c.

ARABIS Albida Variegata. S. Foliage edged with light yellow or white, blossoms white. Early. Bright spot in your garden 12 mo. in the year. 35c.

Androsace. Clumps of neat silver silky rosettes. Flowers white. 2 in. 35c.

Procurrens. Shining green mats of foliage and white flowers on 8 in. stems. 35c.

Rosabella. Rosettes of crinkled foliage and soft pink blossoms. 35c.

ARISAMEA Triphyllus. B. S-sh. Jack-in-the-pulpit. Middle western native with curious black and green calla-like flowers. 25c.

ARMERIA. S. Thrift. Neat green mounds of tufted foliage. Attractive flowers in round heads over a long period.

Bees Ruby. Lovely flowers of clear, deep rose pink. 12-14 in. 35c.

Caespitosa. Tight cushions of foliage 2 in. high. Produces a profusion of stemless pink flowers. A rare gem. Early. 75c.

Caespitosa Hybrids. Free flowering hybrids slightly larger than the type. Pale to deep pink. 50c.

Caespitosa Hybrid White. Lovely large clear white flowers. Extra choice. 2 in. 50c and 75c.

Formosa Hybrids. Coarser foliage and very large heads of bright rose pink flowers on 10 in. stems. 35c.

Maritima Alba. A fine 6 to 8 in. white form. 35c.

Maritima Lauchiana. A rich deep pink form. 5 in. 35c.

Setacea. Flat cushions of foliage with short stemmed heads of pink flowers. 3 in. 35c.

ASCLEPIAS tuberosa. Brilliant orange flowers in heads in late summer. 15 in. 50c.

ASTER Alpinus Goliath. Tufts of hairy foliage and large single lavender daisies. 35c.

Ericoides Chastity. Clouds of tiny white blooms on 15 in. stems in autumn. Lovely. 50c.

Ericoides Blue Star. Similar to the above with handsome lavender blue flowers. 50c.

ASTILBE. Sh. Mounds of wide leaves and graceful spires of bloom. Spire.a

Arendsi America. Shell pink, more dwarf than Peach Blossom. 75c.

Bergisdal. Tall creamy white. 50c.

Davidii. Coarsely cut foliage and rosy pink blooms on 3 ft. stems in late summer. 50c.

Deutchland. Fine creamy white. 50c.

Emden. Raspberries and cream. 75c.

Fanal. Neat plants with reddish bronze foliage, and feathery plumes of brilliant red. One of our best shade plants. 75c.

Gladstone. Similar to Deutchland but more dwarf. 50c.

Gloria. Glowing deep toned pink. 50c.

Gloria Superba. Darker toned and larger flowered than Gloria. 75c.

Glory of Holland. Fluffy panicles of deep cream. 12 to 14 in. 50c.

Liliput Gnome. Tufts of finely divided dark green foliage with 8 in. plumes of feathery pink blooms. 50c.

Peach Blossom. Luscious soft shell pink. Showy. 50c.

Rheinland. Bright rose pink. 50c.

Rubin. Vivid rose. 75c.

Simplicifolia. Glossy leaves of bronzy tone with fluffs of dainty pink flowers. Choice 6 in. 50c.

Simplicifolia rosea Perry's Var. Sh. A strong growing English hybrid reaching 12 to 15 inches when in flower. Spikes of lovely clear pink from July to Sept. 75c.

Simplicifolia Salmonea. S-sh. Flowers of a pleasing salmon shade on 10 in. spikes. New English introduction. \$1.00.

Sinensis Pumila. Handsome divided leaves and showy pink plumes overlaid with lavender. Hardy and easy. 50c.

AURICULA. See Primula.

BEGONIA Evansiana. S-sh. A tuberous rooted hardy type with bronzy foliage and clusters of pink flowers in late summer. 18 in. 50c.

BELLIS Dresden China. Dainty miniature daisy with double flowers of purest shell pink. A real gem. Rare. 2 in. 50c.

BELLIUM Minutum. The tiny daisies open white and gradually turn pink. Blooms all summer. Very dainty. 35c each.

BLETILLA Hyacinthina. B. S-sh. A lovely terrestrial orchid with slender leaves and exquisite blooms of orchid lavender in airy spikes. Very dainty and unusual. Easy. 75c.

Hyacinthina Alba. Choice white form of the above. \$1.00 each.

BROOMS. See Dwarf Shrubs.

CALLUNA. See Heather.

CALTHA Palustris Var. Monstrosa. Marsh Marigold. A choice form much larger than the type. Shiny, rounded leaves and large golden flowers. Fine pool or bog plant. 18-24 in. Rare. 75c.

CAMASSIA Leichtlinii. B. Many flowered spikes of star shaped flowers, lavender blue to aconite blue. 2 to 3 ft. Fine bulbs. 10c each.

CAMPANULA. S-sh. A large and varied family containing many desirable rock and wall plants. Especially valuable on account of their late blooming habit and long season of bloom. They like a gritty soil.

Carpatia. Vigorous and easy. Large blue bells June to Aug. 6 to 8 in. 35c.

Carpatia Alba. White form of the preceding. 35c.

Cochlearifolia (Pusilla). Dainty, nodding lavender bells in great profusion over mats of attractive foliage. 2 in. 35c.

Cochlearifolia Alba. Dainty white form with lighter foliage. 35c.

Cochlearifolia, large white form. Propagated from an outstanding plant with particularly large blooms. 50c.

Cochlearifolia Miranda. Large silvery blue bells. Late. 35c.

Cochlearifolia Miranda Lohbrunner Form. A dark stemmed form, with deeper blue flowers in profusion. Charming. 6 in. 50c.

Cochlearifolia Mrs. Flint Form. A lovely soft blue. Distinct and different. 50c.

Collina. Downy foliage and rich satiny purple bells in June. 9 in. 50c.

Dasyantha. Very desirable with tufts of toothed foliage and 4 in. stems carrying broad blue solitary bells which are bearded on the outside. 75c.

Excisa. Fine narrow foliage, and countless shallow violet bell flowers. 3 in. 50c.

Garganica. Compact, shiny leaves. Literally covered with bright blue stars in June and July. Especially good for walls. 35c.

Garganica hirsuta. Similar to the type but more hairy foliaged. 50c.

Isophylla. A creeping form with a profusion of large, shallow upright bells of clearest white. Very showy. Especially good for walls. 50c.

Isophylla Mayii. A lavender blue form with downy foliage. Very lovely. 50c.

Muralis (Portenschlagiana). Attractive mats of deep green foliage with many starry violet bells. June-Nov. 4 in. 35c and 50c.

Planiflora. A miniature Persicifolia with small rosettes of shiny leaves and tight little spikes of blue bells. 50c.

Planiflora Alba. White form of the above. 50c.

Poscharskyana. Trailing, with quantities of soft blue flowers. 35c.

Pulla. Many nodding long shaped bells of rich violet on 3 in. stems. 50c.

Pulloides. Larger and taller than Pulla, with bigger and more open bells. 4 in. 50c.

Raddeana. Scalloped leaves and deep purple bells. 9 in. 35c.

Rotundifolia Purple Gem. A deep purple Harebell. More floriferous than the type. 8 in. 35c.

CASSIOPE. Heather.

CERASTOSTIGMA Plumbaginoides. Dwarf, spreading habit. Bronze foliage and blue flowers in fall. 6-8 in. 35c.

CHRYSANTHEMUM Maximum Mt. Shasta. Similar to Esther Read, but much more sturdy, with pure white high crested 3 in. double flowers borne on 24 in. stems. Appearing from early summer to fall. Recommended. 50c.

COLCHIUM. B. Showy autumn flowering bulbs with large crocus like blossoms, in profusion.

Autumnale. Soft pinkish lavender. 35c.

Autumnale Alba Plenum. A rare double white form. \$1.00.

Autumnale Plenum. Choice double pinkish lavender form. 75c.

Autumn Queen. Dark lilac. prolific and early. Large flowered. 60c.

Bornmuelleri. Rosy lilac with a white throat. Very large flower. 60c.

Lilac Wonder. Extra large flowers of clear mauve. Free flowering. 60c.

Parkinsonii. Beautiful wide cups of lilac rose vividly chessboarded with squares of white. Early. 35c.

Premier. Large soft violet, early free bloomer. 60c.

Varietatum. Similar to *Parkinsonii* but much larger flowered. 60c.

CONVALLARIA rosea. A pale pink form of the well known Lily of the Valley. Per pip, 25c.

CONVOLVULUS. S. Perennial Morning Glory. Persistent summer bloomer. These forms do not spread.

Cneorum. S. D. A rounded bush with lovely silvery foliage and fine white flowers over a long period in summer. Rare and new. 50c.

Mauritanicus. Trailing, with many lovely bright blue flowers all summer. 50c.

COPTIS Trifolia. Sh. Gold Thread. Good ground cover for shade with finely cut, deep green leaves. 35c.

COREOPSIS auriculata. Clumps of bright green foliage with many yellow daisy like blossoms, all summer. 6 to 8 in. 35c.

CORYDALIS Bulbosa. B. Dainty orchid flowers and finely cut ferny leaves. Spring blooming. Plant in late summer. 35c.

Lutea. Lemon yellow flowers. Continuous bloomer. Easy and good. 35c.

COTULA Squalida. A good bulb cover with fine ferny foliage. 35c.

CROCUS. B. Autumn flowering. Mid-summer delivery.

Speciosus. Rich blue violet, with brilliant red stigma. Outstanding. 5c each.

Speciosus Mixed. White shaded to blues and lavender. Lovely. 5c.

Susianus. Cups of orange gold striped outside with dark brown in Feb. 5c each.

Zonatus. Soft rosy lavender with yellow center surrounded by an orange zone. Ethereal and lovely. 5c each.

CYCLAMEN. Sh. Hardy varieties. These lovely plants are a distinct addition to the shade garden. The habit of growth and blossoms resemble those of the florist's cyclamen, but they are much smaller and more dainty. The leaves are interesting in shape, and in many varieties they are beautifully mottled with lighter green. The fact that most varieties bloom in the fall makes them doubly valuable. They like lime.

Atkinsii. Variegated foliage. Crimson flowers with rounded segments and dark eyes. Spring flowering. Blooming size corms. \$1.00.

Cilicicum. Flowers deep pink. Crimson at the base, appearing in winter with the foliage. \$1.00.

Coum. Winter flowering. Plain dark green foliage and deep red flowers. \$1.00.

Europaeum. Slightly marbled evergreen leaves, flowering in autumn with carmine magenta flowers. Deliciously scented. \$1.00.

Ibericum. Carmine blossoms before the mottled foliage in winter or early spring. Rare. \$1.00.

Neapolitanum. Handsome marbled leaves and lovely, airy flowers in varying shades of pink. It blooms in autumn shortly before the leaves appear. \$1.00.

Neapolitanum Album. Rare and lovely white flowered form. \$1.00.

Repandum. Broad, pointed heart shaped leaves, carmine flowers in earliest spring. \$1.00.

CYPRIPEDIUM. Sh. Lady Slippers. The grandest of the hardy orchids. Like shade and moisture. Don't plant too deeply.

Acaule. Large soft rose colored slippers borne singly on 8 in. stems. 50c.

Californicum. Dainty white slippers with pale green sepals borne six to ten in a graceful spire. Rare. 75c.

Fasciculatum. Has two basal leaves, and a 10 in. stem, with a brownish slipper. 50c.

Montanum. Oregon native with white and brown flowers on 12 in. stem. 75c.

Parviflorum. Lovely small yellow blooms. Good multiplier. 50-75c.

Pubescens. Yellow Lady Slipper. The dainty deep yellow slippers are borne several on a stem. 75c.

Spectabile. Showy Lady Slipper. Huge handsome slippers of rosy pink with white sepals. Late. 75c.

CYSTISUS. See Brooms.

DIANTHUS. S. Pinks are indispensable to the rock garden or wall. The varieties listed below are desirable sorts which are easy.

Arvenensis. Minute and compact, with fringed rosy pink flowers on 2 to 3 in. stems. 35c.

Caesius dbl. form. A charming 4 in. plant. Bright pink. 35c.

Clove Pink. Spicy fringed double white flowers in profusion. Mats of gray foliage. 8 in. 35c.

Deltoides. Masses of bright green foliage and an abundance of rose pink flowers. 4 in. 35c.

Deltoides Alba. White flowers with a ring of red at their center. 35c.

Deltoides Brilliant. Erect Variety. More upright with vivid cerise-pink blooms. 35c.

Deltoides Major Sterne. Striped and rayed with white and rose. 35c.

Dwarf Cushion. A blend of many dwarf sorts. Choice gray cushions with white to bright pink flowers. Mixed colors only. 35c.

Flaming Star. Brilliant deep rose. 5 in. 30c.

Gracilis Alba Nana. Slender foliage and large white flowers, on short stems. 35c.

Graniticus. Prostrate with an abundance of starry pink flowers. 35c.

Inchmary. A lovely hybrid with gray foliage and large double flowers of soft melting pink. 8 in. Rare. 50c.

Loveliness. Sweet scented lacy, fine cut flowers of lavender pink on 8 in. stems. 35c.

Neglectus. A very beautiful sort. Grassy tufts of foliage with brilliant blossoms of cherry rose with buff reverse. 3 in. 50c.

Peresteri. A minute form of deltoides, with tiny gray foliage and deep rose blossoms. 2 in. 35c.

Roysi. Similar to Neglectus, but larger. 4-6 in. 35c.

Tiny Rubies. A close tuft of gray foliage and small brilliant, very double ruby red sweet scented flowers. 2 to 3 in. Delightful. 50c.

DIERAMA Pulcherrimum. For the large rock garden. Slender tufts of upstanding narrow foliage, arching wiry stems, many rosy bells. 4 ft. 50c.

DICENTRA. S-sh. Finely cut foliage. Attractive flowers in racemes.

Eximia. Rose pink blooms over a long period. Doesn't spread.

Formosa Sweetheart. Long blooming white form with attractive gray green foliage. Vigorous and fine. 50c.

DODECATHEON. Sh. Falling Stars. Bird Bills.

Dentatum. Toothed leaves and dainty white blossoms. 35c.

Meadia. Many large pink or rose colored blossoms. 15-18 in. 35c and 50c.

DOUGLASIA. Laevigta Olympic Mt. Form. S. Compact little stiff leaved rosettes and lovely dark pink blossoms. 2 in. 50c.

Montana. Tight compact mass of tiny rosettes, with one to three bright pink blooms on 1 in. stems. 50c.

Vittaliana. Gray green rosettes of foliage with citron yellow flowers. 1 in. 50c.

DRABA Olympica. Rosettes of downy foliage and sessile golden yellow heads of flowers. 35c.

DRYAS Octapetala. Flat evergreen carpets of little oak leaves with dainty white flowers followed by silvery seed whorls. Good. 50c.

Octopetala Minor. A very compact form, divided by half in all its parts, with the exception of the flowers, which are as large as in type. 75c each.

DWARF CONIFERS. See Shrubs.

EPIACTUS. Gigantea. S. an easy growing orchid, with racemes of small brownish lady slippers. 50c.

EPIMEDIUM. Sh. These are attractive additions to the shade garden with lovely bronze-tinted leaves and dainty flowers in loose spikes.

Lilacinum (Violaceum). Dainty lavender flowers. 50c.

Macranthum Roseum. Rosy pink flowers. 50c.

Niveum. Lovely white blossoms and dainty foliage. 50c.

Sulphureum. Largest of the group. Pale yellow flowers. 50c.

ERICA. See Heather.

ERIGERON. S. Similar to aster in appearance, habits and needs.

Blue Beauty. Long season bloomer with rich violet flowers, on 16 in. stems. 50c.

Mucronatus. A trailing species bearing pretty pink and white daisies from June to late fall. 35c.

ERINUS alpinus albus. Cushions of bright green foliage and showy white flowers on 3 in. stems. 35c.

ERODIUM. S. Attractive, distinctive foliage in loose rosettes and numerous bright flowers over a long period.

Chamaedryoides Roseum. Mats of scalloped leaves with bright rosy flowers on short stems. Blooms all summer. 3 in. 50c.

Chrysanthum. Lovely gray foliage and sulphur yellow blossoms. Distinct and rare. 8-10 in. 75c.

Manescavi. Green ferny foliage and large magenta-rose flowers. 35c.

ERYTHRONIUM americanum album. B. White flowers and lovely mottled foliage in early spring. 10c ea.

Grandiflorum. Green foliage and yellow flowers. 10c ea.

Hendersonni. Mottled foliage with rosy lavender blooms, darker centers. 10c ea.

Tuolumnensis. Plain green leaves and extra large golden yellow flowers. Extra large bulbs. 15c ea.

EUPHORBIA. S. Showy plants for hot, well drained situations.

Myrsinites. Prostrate evergreen with blue gray foliage and yellow flowers in early spring. A very distinct form. 35c.

Polychroma. A neat, symmetrical plant with glaucous foliage and showy heads of yellow bracts. Turns vivid red in fall. 12 in. 50c.

FERNS

We are really very proud of our fern collection, for it contains most of the hardy varieties. Some of them can be used in the rocky, while others will find their place in the shade garden. Ferns provide a welcome change in leaf forms and should be more widely used.

ADIATUM Pedatum. Sh. Maidenhair Fern. Graceful, delicate, light green lacinated fronds, with smooth black stems. Very airy. 35c.

ATHYRIUM Filixfemina. (Cyclorosum. Sh. Lady Fern. Graceful tapering fronds of fine, light green. Moist situation. 1-3 ft. 35c.

Felix gracilis. Slender light green lacy fronds. 6 to 8 in. 35c.

Filixmas. Fine evergreen fronds. 2 ft. 35c.

Thelypteroides. Lacy light green fronds on straw colored stalks. 1 to 2 ft. 35c.

ASPLENIUM Platyneuron. Narrow, black stemmed fronds. 5-10 in. 35c.

- Trichomanes.** Maidenhair Spleenwort. Smaller and more delicate than *Platyneuron*. Dry conditions in shade. 3-4 in. 25c and 50c.
- CHEILANTHES Alabamensis.** A very rare species from Alabama with short, dainty fronds. Requires a northern or eastern exposure. 75c each.
- Californicum.** Black stems with small lacy triangular fronds. 6 in. 50c.
- Densa. (Pellaea Densa).** Lacy triangular fronds. Sun or shade. 3 to 5 in. 50c.
- Lanosa.** Fine lacy fern with silvery reverse. 6-8 in. 50c.
- Tomentosa.** Gray, hairy black stemmed foliage, fine cut and graceful. 6 to 8 in. 50c.
- CRYPTOGRAMMA Acrostichoides.** Parsley Fern. A feathery fern with light green fronds. Good for hot dry rocks. 5 in. 35c and 50c.
- CYRTOMIUM Falcatum.** An excellent fern with thick glossy foliage. Sometimes called Holly fern. \$1.00.
- DENNSTEDTIA Punctilobula.** Hay Scented Fern. Dense mats of fragrant fronds. 21 in. 35c.
- DRYOPTERIS Clintoniana.** Sh. Clinton's Wood Fern. Fine evergreen fern. 2 ft. 35c.
- Cristata.** Similar to *Clintoniana* but smaller. 1 to 1½ ft. 35c.
- Goldieana.** Leaves growing in large crowns, 2 to 3 ft. long and 12 in. wide. One of our largest and most stately species. 50c.
- Marginale.** Leathery foliage, handsome and evergreen. To 24 in. 35c.
- Nevadensis.** Sh. Fragrant Fern. Light green, finely cut fronds. 8-14 in. 35c.
- Spinulosa.** Sh. Shield Fern. Large, wide lacy fronds. 2 ft. 35c.
- Spinulosa. Var. Dilatata.** Sh. Leaves more nearly triangular than the type. 2 ft. 35c.
- ONOCLEA Sensibilis** Sh. Sensitive Fern. Large, broad triangular leaves. Very hardy and easy. 2 ft. 35c.
- OSMUNDA Cinnamomea.** Sh. Cinnamon Fern. Showy large fern with 2-4 ft. fronds. Young growth covered with rusty wool. 35c-50c.
- Claytoniana.** Sh. Interrupted Fern. Similar to the above, but young growth covered with white wool. Imposing. 35c and 50c.
- Regalis.** Sh. Royal Fern. Handsome, wide, branching fronds of pale green. A very beautiful fern of individual appearance. 2 ft. 50c.
- PELLAEA andromedaefolia.** Coffee fern. Attractive fine cut gray green foliage on wiry stems. 8 to 10 in. 50c.
- Atropurpurea.** Purple black stems and handsome gray foliage. 6 to 10 in. 50c.
- Orthinopus.** More slender and finely divided than the above. Desirable. 50c.

POLYPODIUM Cambricum. A rare variety, with ruffled and fringed pinnae. Very handsome. 8-10 in. \$1.00.

English Crested. First time offered. A very rare form from England, with finely divided and crested tips. Exquisite. \$1.50.

Malahatense. A rare form found on Vancouver Island with sharply pointed much divided fronds. 4 to 6 in. \$1.50.

Polypodiodes. Leaves 2 to 6 in. long, with very thick leathery texture. Resurrection Fern. 50c.

Pulcherrimum. 8 to 10 in high with very lacy much divided fronds. Rare. \$1.00.

Vulgare. Sh. Licorice Fern. Attractive, leathery fronds. Good cover for shady rocks. 25c.

POLYSTICHUM Acrostichoides. Sh. Christmas Fern. Evergreen, dagger-like fronds. 12-18 in. 50c.

Brauni. Sh. Graceful, lacy fronds. Stems covered with brown scales. 18-25 in. 75c.

Munitum. Sh. Western Sword Fern. Large clumps of long, narrow, evergreen fronds. A lovely large fern. 25c-50c.

Plumosum Compactum. Sh. A very beautiful fern with lacy fronds of pale green. Attractive in the garden, or as a house plant. 50c and 75c.

Viviparum. Like the above, but with less lacy fronds. 50c and 75c.

SCOLOPENDRIUM Vulgare. Sh. Eastern Hart's Tongue. Broad, leathery, entire, evergreen leaves. Rare and choice. 75c.

Crested forms. Fronds with ruffled, fluted or crested tips. Handsome and showy. \$1.00 and up.

STRUTHIOPTERIS Nodulosa. Sh. Ostrich Plume Fern. Large fronds growing in a circle from the crown. Showy and easy. 3 ft. 35c and 50c.

Spicant. S-sh. Deer Fern. Oregon native. Heavy, leathery evergreen fronds with rounded pinna. 35c and 50c.

WOODWARDIA Areolata. Eastern Chain Fern. Creeping rootstock with many slender, much divided leaves. 18 in. 35c.

Radicans. Sh. Great Chain Fern. Magnificent wide fronds of heavy texture. A noble plant. To 4 ft. \$1.00.

FILIPENDULA Multijuga. A charming dwarf spirea-like plant with filmy clouds of soft pink flowers in late summer. Rare. 6 in. \$1.00.

FUCHSIA. Sh. Hardy Fuchsia. Arching stems and small foliage.

Magellanica Alba. Pale green foliage and tiny palest pink almost white flowers. 50c.

Magellanica Var. Ricartonii. Profusion of small red blooms. 35c.

GALAX Aphylla. Sh. Attractive shiny, rounded leaves, bronzy in tone and leathery in texture. Fine woodland ground cover. 50c.

GENISTA. See Brooms.

GENTIANA. Some of the most gorgeous blues in the garden.

Acaulis. *S. Gentianella.* One of the most beautiful alpinas. The incomparable big blue trumpet gentian. Rich, shining blue. Blooms spring and fall. 3 in. 50c.

Acaulis Clusii. *S.* Longer stemmed. Blossoms darker. 35c, 50c, 75c.

Acaulis Excisa. A larger, finer acaulis with taller stems. \$1.00.

Asclepiadea. *S.-sh.* Fine, arching stems with lovely deep blue blossoms in profusion. A lovely late bloomer of easiest culture. 50c.

Purdomi. A trailing species with sapphire blue flowers in clusters. 50c.

Sino-ornata. Autumn flowering, large deep blue trumpets on short trailing stems. 75c.

GERANIUM. *S.* These hardy geraniums are ideal rockery plants, for they are easy to grow, produce large, brilliantly colored flowers over a long period, and have interesting foliage.

Cinereum. Gray green leaves and large, pale pink flowers veined with rose. Very lovely. 5 in. 50c.

Endressi. *S.-sh.* Rose colored blooms continuously produced. 10 in. 50c.

Farreri. Dwarf tufted habit with soft velvety leaves and big pale pink flowers. Choice and rare. 3 in. \$1.00.

Grandiflorum. Rounded leaves and large blue flowers. 12 in. 35c.

Ibericum. Fine blue blossoms. The foliage assumes rich autumnal tints. 16 in. 35c.

Japonicum. Heavy textured maple like foliage which colors brilliantly in autumn and holds well into winter. Sweet scented, flowers deep rose. 35c.

Microrrhizum. Rounded humps of small, scalloped bronze leaves and white flowers. The foliage is a most unusual color. 50c.

Pylzowianum. Attractive cut leaves on frail stems, and large, pink blooms. 3 in. 50c.

Sanguineum Album. A lovely white form with 10 in. stems. Dainty foliage. 50c.

Sanguineum Lancastriense. Fine prostrate foliage and lovely large soft pink flowers with darker veins. 50c.

Subcaulescens. Pleasing tufts of foliage and lovely carmine flowers with dark centers over a long period. Choice. 3-5 in. 75c.

Traversii. A very fine, long blooming species with attractive gray foliage and a profusion of bright crimson-magenta flowers. 8 in. 50c.

Wallichianum Buxton's Blue. Attractive foliage that takes on brilliant fall colors. Fine blue flowers. 8 in. 50c.

GEUM. *S.* Attractive rounded leaves and bright flowers. Easy.

Abbey's Orange. Brilliant orange-yellow flowers in great profusion from May to July and again in Oct. 8 in. 35c.

Borisii. Vivid orange flowers from May to Oct. 8-12 in. 35c-50c.

Rivale. Leonard's Var. Flore-plena. S-sh. A very double form of dwarf stature. Lovely copper pink flowers. 50c.

Waight's Brilliant. Very large orange red flowers. Truly magnificent. Free flowering over a long period. 4-6 in. 75c.

GLOBULARIA. Evergreen metallic foliage and blue flowers in heads.

Bellidifolia Canadian form. Fine mats of rounded foliage, larger than Nana. Choice. 1 in. 50c.

Cordifolia. Intermediate in size between Nana and Willkommi. Blue flowers. 2 in. 35c.

Cordifolia Alba. White form of the above. 35c.

Nana. Tiny prostrate plant covered in early June with fluffy blue balls. Good between stepping stones. 50c.

Willkommi. Wide metallic glossy foliage. Blue. 8 in. 35c.

GORMANIA Watsonii. Rosettes of thick grayish foliage. A sedum-like plant with pink to red flowers. 35c.

GYP SOPHILA. Baby breath. Attractive low, much branched plants with clouds of tiny, airy flowers.

Repens. Blue gray mats of foliage covered in May and June with countless lovely white stars. 35c.

Repens Rosy Veil. Double pink flowers in great profusion. Long season bloomer. 18 in. 50c.

HABERLEA. S-sh. Closely resembles Ramondia, but with gloxini-like blooms. Likes a cool, moist crevice in the rocks. Choice and rare.

Rhodopensis Ferdinandi-Coburgi. Very choice. 75c-\$1.00.

Virginale. Never before offered in this country. Very rare. A beautiful white form. \$2.50.

HEATHER. See Dwarf Shrubs.

HEDERA Conglomerata Minima. An attractive, non-spreading slow growing ivy, with close-set, frilly leaves. 35c-50c.

HELLEBORUS. S-sh. Hardy herbaceous plants with attractive palmately divided leaves. They flower in winter and very early spring. Well established plants bloom very freely.

Corsicus. Handsome prickly, evergreen foliage and large, pale green flowers in fine clusters. Very choice and desirable. Stock limited. \$1.00.

Foetidus. Magnificent frost resistant foliage and pale green flowers tipped with brown. Beloved of bees. Feb. \$1.00.

Niger. S-sh. Christmas rose. White to pink flowers in early winter. Stock limited. \$1.50 each.

Niger Altifolius. Later and larger flowered than the type. Exquisite. \$2.00.

Niger Praecox. The earliest to flower. Rare. \$2.00.

Orientalis Hybrids. Similar to Niger, but later and taller. Blooms vary from pink to purple and chocolate brown. \$1.00-\$1.50, up.

HELONIAS Bullata. Sh. Rosettes of evergreen, shiny leaves, and spires of starry pink flowers. Most situation. 50c.

HEMEROCALLIS Minor. Grassy foliage and deep lemon yellow blooms on 12 in. stems. 50c.

HEPATICA. Sh. Small anemone-like flowers in early spring.

Acutiloba. Colors vary from pale pink to blue. Mixture only. 35c.

Acutiloba Pink Beauty. Handsome deep rose pink blooms. Rare and lovely. Plants from divisions. No seedlings. \$1.00 each.

Marmorata. S-sh. Mottled foliage and blue flowers. 50c.

Triloba. Blue flowers on 4 in. stems. 35c.

HERBS

We list herewith various perennial, aromatic, and useful sorts that will prove a delightful addition to the garden.

ALLIUM Schoenoprasum. Chives. Rosy lavender blooms in round heads. 8-10 in. 25c.

ANTHEMIS Nobilis. Roman chamomile. Low spreading plant with very finely dissected leaves. White daisy like flowers. 25c.

ARTEMISIA abrotanum. Southernwood. Dwarf form. Fragrant finely cut foliage. 18 in. high. 25c each.

Absinthum. Wormwood. Shrubby with aromatic gray finely divided foliage. 25c each.

BALSAMITA Vulgaris. Leaves and flowers like costmary but with strong camphor fragrance. 2 ft. 35c.

HYSSOPUS Vulgaris. Hyssop. Spikes of rich blue flowers in summer. 15-18 in. 35c.

Vulgaris Alba. A good white form. 35c.

Vulgaris Rosea. A clear pink form of the above. 35c.

INULA Helenium. Elecampane. A tall perennial with yellow flowers. 25.

LAVANDULA Atropurpurea Nana. Dwarf French lavender. Neat and compact with violet blooms freely produced. 50c.

Bowles Variety. Fine blue purple flowers and compact gray foliage. 50c.

Carroll's Variety. Deep lavender purple flowers above compact gray evergreen foliage. 50c.

Delphinensis. S. Dwarf compact habit with deep blue flowers. 50c.

Piedemontana. Distinctive foliage with very pungent fragrance. Purple flowers topped by deep violet bracts resembling shuttlecocks. 35c.

Twickle's Purple. Compact grower with silver gray foliage and fragrant deep violet blue flowers. 50c.

Vera. Sweet English lavender. Intensely fragrant foliage and flower spikes. Much used for sachets, when dried. 50c.

- Vera Rosea.** Pale pink flowered form. 50c.
- LEVISTICUM Officinale.** **Loveage.** Delicious celery like flavor. Delightful in salads, cottage cheese, etc. Tall growing. 35c each.
- MELISSA Officinale.** Lemon balm. Deliciously scented leaves. 25c.
- MENTHA Citrata Bergamont.** A fragrant old herb with a scent of orange combined with mint. 25c.
- Gentilis** A low spreading mint with a mild flavor and green and yellow mottled leaves. 25c each.
- Rotundifolia.** Round leaf mint. More delicate flavor than spearmint. Leaves are round and hairy. Tall grower. 25c each.
- Rotundifolia Variegata.** Pineapple mint. Woolly leaves variegated with creamy white. Young growth smells like pineapple. 16 in. 25c.
- Spicata.** Spearmint. Strong minty flavor. 15 in. 25c.
- Spicata Crispia.** Curly mint. Dark green curly leaves. Delightful for flavoring drinks. 25c.
- Myrrhis Odorata.** Myrrh or sweet cicely. Fine cut graceful foliage and small white flowers in umbels. Licorice odored. 3 ft. 35c.
- NEPETA Nuda.** Resembles N. Mussini but more upright. Flowers more blue. 35c each.
- Mussini.** Cat mint. A charming mint with silvery foliage and clouds of lavender blooms all summer. 35c.
- ORIGANUM Pulchellum.** Marjoram. Aromatic grayish leaves and clusters of rosy flowers. 16 in. 25c.
- ROSMARINUS Officinale.** Rosemary. Fragrant gray leaves. Nice for sachets and pot pourris, also to flavor roasts or stews. 35c and 50c.
- RUTA Graveolens.** Rue. A strong scented herb with attractive fine cut foliage and curious yellow flowers. 25c.
- SALVIA Officinale.** Sage. Hort's mammoth var. Used to flavor poultry and pork. Gray leaved shrubby plant. 25c each.
- SANGUISORBA Minor.** Burnet. Young leaves used to add cucumber flavor to salads. Makes good vinegar. 25c each.
- SANTOLINA Incana.** Lavender cotton. Neat gray foliage with a fragrant scent. May be clipped for edgings. 35c.
- SANTOLINA Rosemarinifolia.** A green species with finer foliage than the gray form. 35c.
- SATUREA Montana.** Winter savory. Pale lilac flowers in late summer. 12 in. Delightful for flavoring meats and sauces. 35c.
- SUIM Sisarum.** Skirret. An old fashioned perennial herb, the roots being used in salads. 35c.
- SYMPHITUM Officinale.** Comfrey. An old time medicinal herb. Blooms early. 24 in. 35c.

TANACETUM Balsamita. Costmary. Is grown for the fragrance of its leaves. An old favorite. 25c each.

Vulgaris. Tansy. Strongly aromatic with finely divided leaves and yellow flowers. 25c each.

TEUCRIUM Chamaedrys. Germander. A culinary herb with dark green oak shaped leaves. Very nice for clipped borders. 35c.

THYMUS Citriodorus. Lemon scented. 8-10 in. 35c.

English Thyme. Upright growing, for seasoning. 35c.

Fragrantissimus. Shrubby gray foliage, for seasoning. 35c.

French Thyme. Procumbent, for seasoning. 35c.

Herba-borona. Anise odored, prostrate. 35c.

HEUCHERA. Coral Bell. Attractive rosettes of fluted leaves and airy flower spikes.

Alba Snowflake. An excellent white form. 50c.

Cascade. Shell pink with bronzy foliage. 35c.

Coral Mist. A delightful cloud of tiny pink blooms. New. \$1.00.

Queen of Hearts. Extra fine large flowered deep red. 75c.

HOSTA Lancifolia. Long narrow leaves and lilac flowers on 18 in. stems in July and August. Shade. 35c.

Minor Alba. Dwarf form. 8-12 in. high with white flowers in June and July. 50c.

Subcordata. Large fragrant white flowers on 2 ft. stems, in August. 50c.

Undulata Variagata. Striped foliage. 6-8 in. high. Lilac flowers on 12-15 in. stems. 35c.

HOUSTONIA Millards var. S-sh. A creeping treasure bearing a profusion of exquisite pale blue stars. 3 in. 50c.

HYACINTHUS azureus B. Similar to grape hyacinths, but smaller and earlier with azure blue spikes and wider foliage. Most desirable. 10c each.

Azureus Alba. Choice white form of the above. 10c each.

HYPERICUM. S. St. John's Wort. These are dwarf non-spreading forms.

Corsicus. A neat little shrub with small, leathery leaves with wavy margins of lighter green. Bright yellow flowers. 35c.

Olympicum. Tiny prostrate silvered foliage and showy yellow flowers. 6 in. 35c.

Rhodopaeum. Distinct species with soft silver gray foliage and fine golden flowers. Attractive throughout the year. 8in. 35c.

IBERIS. Little Cushion. Compact cushion like plant with white flowers in early spring. 3 in. 35c.

Little Gem. Compact upright sort with small narrow leaves. 6 in. 50c.

Pygmea. Semi-trailing with glossy green foliage and flat heads of clear white bloom. 35c.

- Saxatilis.** Lovely and persistent bloomer with tiny, fleshy leaves and white blooms. Early, rare, 2 in. 50c.
- Sempervirens.** Compact evergreen bushlet, after masses of snowy white bloom in early spring. Shear after flowering to keep compact. 35c.
- Snowflake.** Largest flowered of all, a neat spreading bushlet to 10 in. 50c.
- INULA Ensifolia.** S. Dwarf, narrow leaved tufts, crowned with large golden flowers. June to August. 8 in. 35c.
- IRIS.** See Iris section.
- JEFFERSONIA Diphylla.** Sh. Twin leaf. Handsome blue green leaves and fine solitary white flowers in early spring. 35c and 50c.
- LAVENDULA.** See Herbs.
- LEWISIA Hybrids.** Natural crosses of *L. Heckneri* and *L. Howellii*, with pink to apricot flowers and more or less ruffled rosettes of fleshy leaves. Choice. 75c.
- LIATRIS Punctata.** S. Spikes of vivid rosy purple flowers on stiff 18 in. stems, springing from rosettes of grassy foliage. 50c.
- LIBERTIA Formosa.** Clumps of sword like foliage and slender spikes of ivory white 3 petalled flowers. Free flowering and lovely. 75c.
- LITHOSPERMUM Prostratum Grace Ward.** Similar to Heavenly Blue but larger flowered. 75c.
- Prostratum Heavenly Blue.** A fine prostrate evergreen with glorious azure flowers. 4 in. 75c.
- LOTUS Corniculatus fl. pl.** S. D. Hardy trailer with bright green foliage and showy double yellow flowers. Good bulb cover. 35c.
- LUTKEA Pectinata.** Prostrate trailing mossy green foliage. Light yellow flowers. Resembles a mossy saxifrage. Oregon native. 35c.
- LYCHNIS Alpina.** Neat tufts of foliage with heads of pink stars in summer. 3-4 in. 35c.
- Viscaria Splendens fl. pl.** Spikes of brilliant carmine double flowers. Showy. 35c.
- MECONOPSIS Cambrica.** S-sh. Attractive rosettes of gray green leaves, and charming crinkled poppies of yellow or orange. 8 to 10 in. 35c.
- MELISSA Officinalis.** Lemon Balm. Deliciously scented leaves. 25c.
- MENTHA Requinii.** Dark green carpenter with tiny, mint scented leaves. 35c.
- MITCHELLA Repens.** Sh. Partridge Berry. Neat evergreen creeper with small round, shiny leaves and white flowers followed by red berries. A good ground cover for a shady place. 35c and 50c.
- MUSCARI.** B. Grape Hyacinth. Fine spring blooming bulbs.

Armenaicum. Early Giant. Many stalks of cobalt blue flowers with a white rim. 75c per doz.

Azureum. Bright blue, flowering in March. One of the most valuable spring flowers. 50c per doz.

Botryoides Album. Lovely pure white. Early. \$1.00 per doz.

Moschatum Flavum. Greenish yellow blossoms. Not showy but with a heavenly fragrance. 15c each.

NARCISSUS. B. The varieties listed below are all dwarf forms suited to the rockery.

Bulbocodium. Hoop petticoat daffodill.

Citrinus. Sulphur yellow. 6-8 in. 25c each.

Conspicuus. Deep yellow. 6-8 in. 20c each.

Cyclamineus. Slender trumpets with reflexed petals, lemon yellow. Rare. 50c.

February Gold. Perianth golden yellow, trumpet orange. Early. 50c.

Juncifolius. Rush-like leaves and charming short trumpeted golden yellow flowers. 30c.

Minimus. Smallest of all trumpet daffodils. Tiny bright yellow flowers in early spring. 50c each.

Minor. A charming miniature Golden Spur daffodil. 50c each.

Nanus. Between Minor and Minimus in size. Petite. 50c.

Queen of Spain. Soft, delicate, light yellow with graceful reflexing perianth. 12 in. 25c each.

W. P. Milner. Small charming sulphur yellow flowers. 25c each.

NEPETA Mussini. A charming mint with silvery foliage and clouds of showy lavender flowers all summer. 35c.

Mussini Six Hills Variety. Taller and larger flowered form. 35c.

Nuda. More upright than Mussini with more silvery gray foliage and blue flowers. May to September. 35c.

OENOTHERA Pusilla. Small leaves. Tiny yellow blooms. 4 in. 25c.

OROBUS Vernus. Dainty plants with lovely, nodding, pea-shaped blooms of blue violet. 12-14 in. 25c.

OXALIS. Clover like leaves and bright flowers.

Adenophylla. B. Tufts of crinkly gray leaves and fine lilac pink flowers. A very choice plant. 50c.

PHLOX. These dwarf species provide brilliant sheets of color over a long period in spring. All are sun lovers.

Bifida. Stiff stems to 8 in. Violet purple blooms. 35c.

Divaricata. Fine heads of clear lavender to blue flowers. 10 in. 35c.

Divaricata Alba. Fine white form of the above. 35c.

Kelseyii. Mats of prostrate foliage and showy deep violet flowers. Western native. 50c.

Subulata. The different named varieties of creeping phlox all have prickly, needle-like evergreen foliage and masses of bright blooms.

Alba. Fine white blossoms and light green foliage. 35c.

Alexander's Favorite. Desirable creeper with $\frac{3}{4}$ inch deep pink flowers with darker eye. 50c.

Alexander's Giant. $\frac{3}{4}$ inch deep rose blooms with a rich eye. Vigorous and desirable. 50c.

Alexander's Pink. Clear bright rose pink with a crimson eye. 50c.

Alexander's Rose Gem. An improved rosea of better color. 50c.

Alexander's White. Latest white to bloom. Distinct cream eye. 50c.

Arbutus. Delicate soft pink, compact and pleasing. 50c.

Atropurpurea. (Brilliant). Dark foliage and vivid, dark red flowers. 35c.

Bluet. Bluish white with blue violet eye. Tiny flowers and dark foliage. 50c.

Brittonii. Rare milk white species with tiny deep green foliage. Very compact. 50c.

Brittonii Rosea. Tiny pale pink flowers. Rare, dainty and a very slow grower. 50c.

Camlaensis. The finest of the subulatas, with large outstanding soft salmon pink flowers. 50c.

Camlaensis Alba. Rare white flowered form of the above. 50c.

Dixie Brilliant. Vivid bright pink. Extremely fine. 50c.

Emerald Cushion. Bright green, lovely pink flowers. 50c.

Fairy. Pale lilac with a purple eye. Dainty. 35c.

G. F. Wilson. Fine lavender flowers 35c.

Mauve Queen. Unusual shade of mauve with lavender violet eye. 50c.

Orchid Lady. Pale lavender pink with a deep violet red eye. 50c.

Purdue's Purity. Compact habit and unusually fine snow white flowers. 50c.

Rose Unique. Large bright rose color. Long blooming period. 50c.

Sky Blue. Clear soft sky blue with distinct violet eye. Good foliage. 50c.

White Delight. New large white with dainty light blue markings Beautiful—distinct. 75c.

PHYTEUMA. Orbiculare. Slender heads of purple flowers. 8 in. 35c.

Schuchzeri. Similar to the above, but with looser heads or deeper toned flowers. 50c.

PLATYCODON Mariesii. A compact grower with blue or white flowers on 15 in. stems. 25c.

PODOPHYLLUM Peltatum. Sh. May Apple. Waxy, sweet scented white flowers nearly hidden by large, handsomely scalloped leaves. 35c.

POLYGONUM. Affine. Pretty pink flowers; evergreen leaves which turn bronzy in the fall. 6 in. 35c.

Reynoutria. Spikes of soft pink flowers, followed by showy bright red seed pods. Attractive foliage that colors well in fall. 1 ft. 50c.

Vaccinifolium. Choice evergreen creeper with fine autumn tints and a profusion of pink flowers in autumn. 2-3 in. 35c.

POLYGONATUM Biflorum. Sh. Solomon's Seal. A lovely woodland plant with hanging bells of purest white followed by red berries. 35c.

Commutatum. Similar to the above, but taller. 35c.

POTENTILLA. Effective rock plants with bright blossoms and leaves somewhat resembling those of strawberries.

Cinerea. A dainty creeper with lovely yellow flowers. 2 in. 35c

Fragiformis. Handsome rosettes of gray, velvety foliage and long yellow blooms. 3 in. 35c.

Nitida. Tuffets of silvery gray foliage. Pink flowers. Choice. 50c.

Rupestris Pygmaea. A white flowered form of rare charm. 2-4 in. 50c.

Tonguei. Very beautiful apricot flowers with crimson centers. Prostrate. Very choice. 35c.

Warrensii. S. Strikingly handsome plant, long successions of wide golden flowers. 12 in. 35c.

See Also. Dwarf Shrubs.

PRIMULA. Primrose. Produces much of the early color in the garden.

Acaulis Double Lavender. Fine, delicate lavender flowers. 50c.

Acaulis Double White. Beautiful white form of the above. 50c.

Acaulis Mrs. Maurice Lawrence. Vibrant rose pink flowers. Profuse and lovely. 50c.

Acaulis Queen of Heaven. Large, deep blue flowers with conspicuous yellow eyes. Lovely. 50c.

Auricula. S-sh. Handsome primrose-like plants with smooth, powdery foliage and velvety flowers with light eyes. We have an unusually fine collection of choicest color forms.

Alpina Hybrids. A range of rich colors from yellow to purple. 35c-50c.

Alpina Blue. Exquisite lavender to blue toned. 50c.

Alpina Cherry to Plum Shades. 50c.

Alpina Leathercoats. Tan to orange, brown and leathery tints. 50c.

Alpina Pale Pastels. Delicate soft toned, buff, cream, chamois, pink and lavender, mixed. 50c.

Alpina Yellow. Fine selection of large flowered clear yellows. 50c.

Alpina Wiperii. Large brilliant red velvet blooms, with prominent white eye. Imported stock. Propagated by divisions only. Very showy and unusual. \$1.00.

Denticulata Cashmeriana. Heads of lavender flowers on stout stems. March and April. 9 to 12 in. 35c.

Cashmeriana Alba. White form of the above. 75c.

Glaucescens. Sh. Rosette of dark green leaves, with loose heads of carmine flowers in early spring. Easy in any good soil. 75c.

Hybrida Lady Luck. S-sh. A garden hybrid with small auricula-like foliage and fine clusters of white throated rosy purple blooms. Showy and desirable. 3 in. 75c.

Juliae. Dwarf mats of glossy foliage and starry claret flowers with golden eyes. 50c.

Juliae Alba. An exquisite white form of P. Juliae. \$1.00.

Juliae Hybrids. There are many hybrids of Juliae both with acaulis and polyanthus primroses. They vary considerably in height and style, but all are lovely and free flowering over a long period.

Bright Eyes. A new Canadian import. Rosy pink polyanthus, with a golden eye. 75c.

Baker's Variety. Fine cherry rose. 75c.

Chief of Multnomah A strong grower with bronzy foliage and large reddish purple flowers. 6-8 in. 75c.

Dorette. Lovely terra cotta rose. Distinct and rare. \$1.00.

Dorothy A hybrid with yellow cowslip Heads of fine, clear yellow flowers on 4 in. stems. Distinct. 75c.

Elise Opens blue, but changes to cerise, with age Polyanthus. New. \$1.00.

Helenae. Dwarf burgundy red. Very free flowering. Early. 50c.

Helen Purpurkissens Very deep purple flowers Choice. 50c.

Jewell. Intense magenta. 50c.

Juliana Crispi. Sturdy grower with fine rosy pink flowers. 75c.

Kay. A thrifty grower with bronzy foliage and violet blue flowers. \$1.00 each.

Kinlough Beauty. A recent importation with deep rose pink flowers. 75c.

Lady Greer. Dainty polyanthus with heads of creamy flowers. A recent English introduction. \$1.00.

Lakewood. Bronzy foliage and lovely large burgundy blossoms. 75c.

Lavender pink seedling. Unnamed, a lovely pale orchid. 50c.

Morton's Hybrid. Purplish crimson. 50c.

Mrs. King. A robust grower with mauve pink blossoms. 75c.

Mrs. Nettie P. Gale. A compact, strong grower with beautiful foliage and large flowers which open white and turn light pink with age. \$1.00.

Mrs. McGillivray. Large old rose flowers. \$1.00.

Pam. Bronzy foliage and maroon red flowers. 75c.

Primrose Lodge. A polyanthus hybrid. Deep crimson flowers in fine clusters. 50c.

Rae. Large magenta crimson flowers. Robust grower. 50c.

Roberta. A fine lavender mauve with light green foliage. 75c.

Rosea. Soft pink blossoms, early. One of the finest. 75c.

Springtime. Large flowers of pinkish lavender. Compact. 50c.

Tucker's Var. Verwain. Light ruby red. 75c.

- Verwain.** A fine cherry red. 75c.
- Wanda.** A fine deep violet. Especially good. Early. 50c.
- Marignata.** Rosettes of smooth grayish leaves edged with white. Fragrant pinkish lavender blooms. March-Apr. Rare. \$1.00.
- Microdonta Alpicola.** Heads of pendant bell flowers varying from sulphur to pale yellow. Delightfully fragrant. Late. 50c.
- Polyanthus.** Fine blossoms in umbels on tall stems. A wide range of lovely colors. Large blooms. 35c-50c.
- Cowichen.** A new importation with flowers of deep red velvet with yellow eyes. The richest primrose we have seen. Rare. \$1.00.
- Rosea.** Brilliantly beautiful rose pink flowers in earliest spring. 50c.
- Sieboldii.** Light green foliage and wide heads of beautiful flowers varying from white to reddish pink.
- Dora.** Handsome lavender blue. \$1.00.
- Purity.** Pure white of perfect form. \$1.00.
- Maiden's Blush.** Very delicious pink. \$1.00.
- Southern Cross.** White fringed and lacinated petals with pink to lavender reverse. \$1.00.
- Separate Colors.** Rosy purple with light eye; blush pink with darker reverse; or mixed deep pink shades. 50c.
- PULMONARIA Augustifolia.** S. Low tufts of dark green foliage and many heads of lovely flowers in very early spring. 8-12 in. 35c.
- Saccharata.** Large variegated leaves with silvery spots. Rich blue flowers. 35c.
- Saccharata Mrs. Moon.** Handsome silver and green foliage and pink or salmon flowers. Lovely and distinct. 50c.
- Saccharata Salmon Glow.** Rich salmon colored flowers. New. 50c.
- RAMONDIA.** Sh. Choice alpines with fine rosettes of crinkly leaves and beautiful flowers. Need deep, well drained soil in rock crevices with a northern exposure.
- Nathaliae Alba.** The very rare white form. First time ever offered. Imported plants. \$2.00.
- Pyrenaica.** Dark green foliage. Large, soft lilac blue five-petalled blooms with golden eyes. Rare and beautiful. \$1.00.
- RANUNCULUS.** Buttercup.
- Gramineus.** S. Glaucous tufts of grass-like leaves. Lovely, waxy deep yellow blooms. 6-8 in. 35c.
- Montanus.** S-sh. Dwarf, with golden flowers. Choice. 50c.
- ROSMARINUS Officinalis.** S. Rosemary. Fragrant gray green leaves and lavender blue blooms. 35c.
- SANGUINARIA Canadensis.** Sh. Blood Root. Blue-grey scalloped leaves and waxy white flowers. Early. 35c.
- SANTOLINA Incana.** S. Lavender Cotton. Showy, aromatic, lacy gray leaves and small yellow flowers. 12 in. 35c.

Viridis. Green form of the above. 35c.

SATUREIA. S. Aromatic small bushes with wiry stems and attractive flowers produced over a long period in late summer.

Cuneifolia. Deep green foliage and masses of blush white flowers in spikes. It blooms from Aug. to Nov. 6 in. 35c.

Montana. Winter Savory. Soft lilac flowers. Late. 10 in. 35c.

Pygmea. Especially delightful small form. 3-5 in. 35c.

SAXIFRAGA. Saxifrage. Especially fine rock garden plants.

ENCRUSTED SECTION. Sh. These plants form handsome rosettes of narrow, leathery leaves which, in most cases are encrusted with a limy deposit. They usually have white or pale yellow flowers. They offer no cultural difficulties and bloom in May or June.

Aizoon Baldensis. The tiniest encrusted saxifrage. Creamy white flowers on 3 in. stems. 50c.

Aizoon Rosea. An attractive small form with rosy pink flowers. 6 in. 50c.

Cochlearis Minor. Humped domes of silvered rosettes bearing graceful sprays of white flowers. 50c.

Lingulata Alberti. Large rosettes of rather wide silvery leaves. Large plumes of white. 50c.

Lingulata Superba. Fat little rosettes, heavily encrusted, and graceful plumes of white flowers. 10 in. 50c.

Macnabiana. Highly colored rosettes in winter. Flowers white with pink spots. 8-10 in. 35c.

Pyramidalis. Broad rosettes. Large panicles of showy white flowers. 2 ft. 35c-50c.

MISCELLANEOUS GROUP.

Beesiana. Large richly colored rounded leaves and fine trusses of deep rosy pink flowers. Deeper colored than Megasea. 50c.

Decipiens Guilford's Hybrids. S-sh. Lovely shades of white, pink or rose colored flowers. Forms a soft evergreen carpet. 35c.

Delavayii. Similar to Beesiana but darker flowered. Foliage bronzy. 50c.

Fortunei. Sh. Broad leaves with reddish bronze reverse and sprays of airy white flowers in Sept. and Oct. Rare. 50c.

Microlepsis. A wee mossy form with white flowers. New and rare. 75c.

Peltata. Moisture loving plant with immense rounded leaves on 2-3 ft. stems. Wide heads of fine pink blooms in early spring. 50c.

Taygeta. A fine ground cover for shade with small leathery leaves in neat rosettes. Flowers white in late summr. 8 in. 50c.

Umbrosa London Pride. Dark green foliage and 12 in. sprays of pinkish flowers in late summer. 35c.

Umbrosa Primuloides. Dwarf London Pride. Compact and fine with pink flowers. 8 in. 35c.

SCILLA. B. Lovely small hyacinth-like flowers appear in spring or fall.

Autumnale. A rare little fall bloomer with fine grassy foliage and wiry. 6 in. stems of bright blue flowers. 25c each.

Campanulata. Delicate blue or white bells. 60c per doz.

Campanulata Rosea. Soft lilac rose blooms. 75c per doz.

Peruviana. B. Deep blue flowers in large umbels. Rare and lovely. 25c ea.

Siberica. Brilliant blue spikes of bloom on 3 in. stems in earliest spring. 10c ea.

Siberica Alba. White form of the above. 10c ea.

Tubergeniana. B. New. Charming and lovely. Delicate light blue flowers with darker stripes. Ten or more flowers to a spike and each bulb produces three or more spikes. 25c ea.

SEMPERVIVUM. S. Hen and Chickens. Succulent plants of easiest culture. Good in poor soil in a dry place. We have more than 40 distinct sorts. If you have any particular one in mind, please write us. Perhaps we can supply it. Collection of 12 unlabeled clumps, all different, \$3.00. Single clumps 35c each.

SHORTIA Galacifolia. Sh. Oconee Bells. A choice American native with tufts of green, glossy, leathery leaves which turn a beautiful bronze in winter. Their pale pink, five-lobed bells appear in early spring. Likes acid soil. 50c.

SOLDANELLA. S-sh. Small, leathery rounded leaves and lovely, nodding, fringed bells of orchid pink in earliest spring.

Alpina. A tiny species with tubular orchid pink bells on 2-4 in. stems. \$1.00.

Montana. Attractive foliage, with several shallow fringed blossoms of lavender lilac on 6 in. stems. Rare. \$1.00.

SOLIDASTER Luteus. Countless small sulphur yellow flowers in heads from mid-summer to fall. A fine border plant. 2 ft. 50c.

SPIREA Filipendula fl. pl. Fern like foliage in neat flat rosettes, and sprays of snowy white double flowers on 10-12 in. stems. 35c.

Palmata. Plumes of soft pink flowers. June and July. 2 ft. 35c.

Venusta. Queen of the Prairie. Foamy masses of raspberry cream. July and Aug. 4 ft. 50c.

STACHYS Corsica. S-sh. Mats of soft green studded with creamy flowers. 1 in. 35c.

STERNBERGIA Lutea. B. Lovely fall blooming corcus-like flowers of golden color and fine substance. Mid-summer delivery. 35c.

SYNTHIRIS. Oregon natives. Neat rosettes of leathery leaves and spikes of showy flowers in very early spring.

Stellata. Toothed, kidney-shaped leaves. Blue flowers. 6 in. 35c.

Sweetzeri. Like the above, but with larger, deep violet blue flowers. 35c.

TANAKEA Radicans. Sh. Leathery leaves and fluffy spires of white flowers on 6 in. stems in July and Aug. 75c each.

TEUCRIUM. Chamaedrys. S. A rounded bush with glossy evergreen foliage and a profusion of bright, rose colored flowers in spikes. July-Sept. 12 in. 35c.

Chamaedrys Prostratum. A low growing form with spreading dense mats of foliage. 35c.

THALICTRUM aquilegifolium. Blue-gray fine cut foliage and white to lavender blooms. 35c.

THYMUS. S. Thyme. Valuable aromatic plants for carpeting hot, dry spots, for bulb covers or for walls.

Adamovici. Loose growing carpenter with slender leaves. 35c.

Angustifolius. Tiny, thick set leaves. Purple cast in winter. 35c.

Azoricus. Fine, neat gray evergreen foliage and lilac flowers. 35c.

Balticum. Choice creeper with hairy foliage. Free bloomer. 35c.

Cimicinus. Trailing, with tiny leaves. Purplish cast in winter. 35c.

Citriodorous. Lemon scented thyme. Bushy. 8-10 in. 35c.

Argentus. Silver leaved lemon scented thyme. 35c.

Aureus. Golden leaved lemon scented thyme. 35c.

Ericaefolius. Heath-like bronzy, rounded bushes. Carmine blooms. 35c-50c.

Herba-Barona. Perfectly prostrate with small, dark green anise-scented leaves. 35c.

Lanicaulis. Loose growing, with gray, alyssum-like leaves. 35c.

Marschalli. Very fine, with lovely pink flowers. 35c.

Micans. Tidy, close clumps, starry and wiry in effect. 35c.

Nitidus. Like a miniature silvery yew. 12 in. 35c and 50c.

Nummularis. Mat-forming species with glossy leaves. Late. 35c.

Serpyllum. Creeping Thyme. Solid mats of fragrant foliage.

Albus. White flowered form with pale green leaves. 35c.

Annie Hall. Bright green foliage and blush white flowers. 35c.

Coccineus. Dark foliage. Crimson flowers. 35c.

Coccineus Splendens. More brilliant than the above. 35c.

Lanuginosus. Woolly Thyme. Gray velvet foliage. Lavender flowers. 35c.

Lanuginosus Hall's Var. Much more profuse blooming sort. 35c.

Roseus. Rosy pink flowers. 35c.

Vulgaris FrAGRANTISSIMUS. Distinct. Gray foliage. Very fragrant. 35c and 50c.

TRILLIUM. Sh. Fine woodland plants. Mid-summer or fall delivery.

Chloropetalum. Sessile Trillium. Very large blooms. White to dark red. 25c.

Erectum. Mahogany red flowers. 10 in. 25c.

Grandiflorum. Wake Robin. Lovely, large, long lasting white blooms. 25c.

- Luteum.** Sessile yellow flowers. Mottled leaves. Rare. 35c.
- Ovatum.** Western Trillium. Large white flowers, turning pink. 25c.
- Sessile Californicum.** B. Sh. A strong grower with large white fragrant flowers. 35c.
- TRITOMA Primrose Beauty.** Fine spikes of soft yellow, freely produced through summer and fall. 30 in. 50c.
- Vanilla.** Soft cream color, handsome and prolific. 50c.
- TROLLIUS.** S-sh. Attractive plants with neat foliage and bright blooms.
- Europæus.** Globe Flower. Luminous yellow double flowers. 50c.
- Europæus.** Globe Flower. Double orange. 50c.
- Ledebouri.** Brilliant orange. 2 to 3 ft. 50c.
- Pumilus.** A dwarf species with finely cut foliage and bright yellow flowers. 50c.
- TULIP Kaufmanniana.** Water lily tulip. Flat starry blossoms, cream with golden centers and carmine reverse. 25c each.
- TUNICA Saxifraga. fl. pl.** Airy foliage and clouds of light pink double flowers, all summer. 50c.
- VERONICA.** A variable family of good rock garden plants.
- Armena.** Trailing, with bright blue flowers all summer. Dainty and attractive. 35c.
- Blue Shimmer.** A new hybrid with trailing stems and showy blue flowers over a long period. 4 in. 50c.
- Corymbosa blue.** Fine spikes of rich blue. 18 in. 35c.
- Corymbosa pink.** Fine deep pink form of the above. 35c.
- Ericoides.** Fluffy white flowers on 6 in. stems. 35c.
- Gentianoides.** Gentian like leaves and spires of soft blue flowers. 8 in. 35c.
- Incana.** Silvery gray foliage and fine violet blooms. Late. 35c.
- Pectinata rosea.** Mats of velvety gray foliage and rosy pink blooms. Prostrate. 35c.
- Pinnatifida.** Rounded bushlings of 6 to 8 in. with fine cut foliage and bright blue flower spikes. 35c.
- Repens.** Trailing species with pale blue blossoms. 35c.
- Repens Rosea.** Spikes of soft pink flowers. Good. 35c.
- Saturoides.** Early, mat-forming species with dark blue blooms. 2 in. 35c and 50c.
- Teucrium.** 6 in. plants with fine deep blue flowers. 35c.
- Teucrium Crater Lake.** An extremely fine form, with gorgeous deep blue flowers. 50c.
- VINCA Alpina.** Sh. Small foliage. Compact habit of growth. Double flowers of attractive rosy violet. 25c.
- Bowles Var.** Wide, glossy green leaves and rich blue flowers of large size over a long period. Floriferous and fine. 35c.
- Minor Alba.** A white form of the well known Vinca Minor. 35c.

VIOLA SPECIES. Sh. Violets.

Arenaria Rosea. Tufted plant with rosy blooms in summer. 35c.

Cuculata. Long stemmed free flowering attractive blue violets. Unscented. 35c.

Cuculata Helen Dennis. A free flowering white form. 35c.

Jooi. Dwarf and compact, making a cushion of lilac pink flowers, in early April and again in fall. 3 in. 50c.

Labrodorica. Rare species, with purplish foliage with attractive dark blue flowers. 50c.

Nana. The smallest violet. A delightful miniature with rounded leaves and tiny pale lavender flowers. Less than 1 in. Rare. 50c.

Odorata Sweet Violets. Very early blooming. Fragrant.

Baroness Rothschild. Large flowered blue purple. 35c.

Charm. Soft pale lavender flowers. Distinct. 35c.

Double Russian. Very fragrant violet double blooms. 35c.

Dr. Stewart. Small flowered red purple with delightful odor. 35c.

Princess of Wales. Fine deep purple with full rounded petals, very fragrant. Long stems. 35c.

Rosina. Deliciously fragrant single old rose flowers. 35c.

Royal Robe. Sh. Immense blossoms of deep blue violet, which are delicately fragrant. A very strong grower. 35c.

Semperflorens. Very fragrant violet blooms produced over a long period both spring and fall. Choice. 35c.

Swanley White. Fragrant double white. Rare. 50c.

Sweet English. Profuse bloomer with long stems. 35c.

Pedata. Bird foot violet. Fine cut foliage and large pale violet flowers. 3 in. 35c.

Riveniana. Compact grower with many light blue flowers throughout the season. 3 in. 35c.

Striata. Sulphur yellow flowers in leaf axils off and on all summer. 35c.

Walteri. Sh. Rounded heart shaped leaves, beautifully purple veined. Attractive for its foliage alone, but having lavender blue flowers. 50c.

WALDSTIENA Fragarioides. S-sh. Delightful mat forming evergreen ground cover with attractive glossy foliage and bright yellow single flowers in early spring. 35c each.

DWARF TREES AND SHRUBS

We have found it advisable to make a distinct section for all hard-wooded plants and request our customers to cast their eyes over this second alphabetical arrangement for any dwarf plants they may miss in the first part of the catalog. WE DO NOT pay the cost of transportation on Trees and Shrubs. To avoid bookkeeping we prefer to ship express charges collect.

ANDROMEDA Glaucophylla. Bog Rosemary. Glaucous leaves and pinkish flowers in spring. A fine evergreen shrub for a peaty soil in light shade. 12 in. 50c and \$1.00.

Polifolia Nana. Charming small evergreen shrubs with narrow, dark green leaves which turn bronze in winter, and lovely, waxy light pink vase-shaped blooms. 8 in. 50c-\$1.00.

Polifolia Nana Compacta. A rare alpine gem. A tiny, compact, version of Polifolia Nana with large clusters of bloom. Choice and rare. \$1.00 and \$2.00.

ARCTERICA Nana. A 3 in. evergreen shrublet creeping from the base. Small oval dark green leaves and urn shaped white flowers in spring. Rare. \$1.00.

AZALEA. Coral Bell. S-sh. Compact grower with handsome coral pink flowers. \$1.00 and up.

Flame Creeper. S-sh. A prostrate azalea type with vivid orange red blossoms. \$1.00.

Gumpo. Very dwarf. Compact low grower with large white flowers. \$1.50 and \$2.00.

La Perle. A hose in hose type with shrimp pink colored blooms. \$1.50.

Ledifolia alba. Gray green foliage and lovely clear white flowers in abundance. \$1.50 to \$2.00.

Ledifolia lavender. Gray green foliage and orchid lavender blooms. \$1.50 and \$2.00.

Rosa Flora. (Balsaminae flora). Handsome very double salmon rose like blossoms in profusion on low flat growing plants. \$1.00 and \$2.50.

Watermelon Pink. The name describes the color. Low growing, late free flowering. Popular. 75c, \$1.00, \$1.50, \$2.00.

BROOMS

We have listed all Cytisus and Genista species at brooms, as we feel that this makes it simpler to find them in the catalog. The plants listed below are all dwarf species, and make ideal rockery shrubs, particularly suited to hot and sunny locations. They like lime, but do not demand it.

Cytisus Purpureus. Slender weeping branches and rosy lavender flowers. Graceful and lovely. 18 in. 50c-\$1.00.

Genista Dalmatica. Tiny, prickly bushlet with finely cut foliage, smothered with bright yellow flowers in May. 75c.

Genista Pilosa. An attractive trailing species with hairy evergreen leaves and yellow flowers. Very slow growing. 50c-75c.

Genista Sagittalis. Deep green cactoid foliage, with abundant spikes of deep golden flowers. Trailing. 8-12 in. 50c-75c.

Genista Tinctoria. Fl. Pl. Valuable prostrate form with attractive double yellow flowers. 50c-75c.

Genista Versicolor. For the large rock garden. To 3 ft., with arching pendulous branches clothed with cream, pink and orchid blooms in early spring. Showy attractive and rare. \$1.00.

Genista Villarsii. Extremely slow growing with slender, gray green stems and bright golden flowers. Very choice and rare. \$1.00.

BUXUS. Microphylla Compacta. New, rare, extremely dwarf boxwood. Very slow growing. Foliage small and neat. A really choice plant, nice specimens. 75c and \$1.00 each.

CALLUNA. See Heather.

CISTUS Villosus Prostratus. An attractive 10 in. mound of velvety gray green foliage and masses of large white waxy wildrose blossoms in early summer. 50c.

COTONEASTER Humifusa. (Dammeri). Slender creeping stems; evergreen foliage. Solitary white flowers followed by red berries. 35c-75c.

DABOECIA. See Heather.

DAPHNE Mezereum Album. The rare white form blooming Feb. to Apr. before the foliage. A few plants only. \$1.00 to \$2.50.

ERICA. See Heather.

EUONYMOUS Obovata Var. Variegata. An evergreen trailer with variegated green and white leaves touched with rose in winter. 50c.

Radicans, Var. Kewensis. Slow growing mat-forming evergreen with small, shiny, rounded leaves slightly marked with white veins. 35c.

GAULNETTIA. A cross between Gaultheria and Pernetia. A handsome rounded close growing bushlet with nice evergreen foliage. White blossoms, red to purple black berries. New. \$1.00.

GAULTHERIA Depressa. The leaves are small ovals, rather thick, lacquered and bronzy green; flowers tiny white, fruits are berry like white to red, ½ in. across. \$1.00.

Miqueliana. A spreading evergreen with oval toothed leaves turning crimson in fall. Flowers white urns; fruit white. A handsome plant. \$1.50.

Nummularioides. Trailing hairy stems and small heart shaped leaves. White flowers. 75c and \$1.25.

Procumbens. Sh. Wintergreen. Evergreen carpenter with attractive glossy leaves, and white flowers followed by showy red berries. 50c.

GENISTA. See Brooms.

HEATHER

The dwarf heathers, which are such good shrubs for the rockery, are listed under so many scientific names that it is difficult for the ordinary gardener to keep track of them all; therefor we have sought to simplify matters by listing them all under one heading. There are no finer rock garden shrubs than the heathers; their foliage is always neat, and the fact that the different sorts bloom at different

seasons, makes it possible to have one or another of them in bloom at almost any time of year. All heathers require a loose, peaty soil, and will be improved if they are cut back after flowering, as this tends to make them more compact. They need full sun to bloom well. We are very proud of our large selection. They are **priced according to size and rarity.**

CALLUNA. Low, evergreen shrubs with bright flowers in long, rather dense spire-like racemes which appear in great profusion in late summer. The leaves are small and scale-like, and are arranged in 4's, so that the small branches have a four-angled appearance.

Vulgaris Alba Plena. Very large double flowers and particularly dark green foliage. 75c.

Vulgaris Alba Var. Hammondii. Tall, graceful spires of purest white flowers. Fine bright green foliage all winter. 10-12 in. 75c.

Vulgaris Aurea. Lavender blooms produced late in the season. Rich golden bronze foliage all winter. Very showy. 75c.

Vulgaris Camla. A very fine form of low, spreading habit with very double soft pink flowers. 75c.

Vulgaris County Wicklow. Fine, ferny light green foliage and lovely double flowers of soft shell pink. 75c-\$1.00.

Vulgaris Foxii Nana. The tiniest of the tiny. A minute mat of bright green mossy foliage. 75c-\$1.00.

Vulgaris J. H. Hamilton. Somewhat prostrate with deep green foliage and double flowers of soft, yet vivid rosy pink. 50c-\$1.00.

Vulgaris Kynance. A unique plant of compact habit with dark green foliage tipped with bronze in autumn. \$1.00.

Vulgaris Mair's Var. Tall and bunchy with bright green foliage and white flowers. 75c.

Vulgaris Mimima. A gem for the rockery. Very compact, mossy foliage, purple flowers. 4-6 in. 75c.

Vulgaris Minima Smith's Var. Dark green foliage turning red in fall. Purple flowers in Aug. and Sept. Rare and new. \$1.00.

Vulgaris Mrs. H. E. Beall. Very lovely, soft pink double flowers in long spikes. Very free flowering. Choice. 50c.

Vulgaris Mrs. R. H. Gray. Very prostrate with bright moss green foliage and flowers of clear lavender pink. Quite distinct. 50c-75c.

Vulgaris Multiplex. Soft pink very double flowers. Compact growth. Deep bronze mossy foliage. 75c-\$1.00.

Vulgaris Pygmea. Makes neat rounded tuffets with short spikes of lavender pink flowers. 75c.

Vulgaris Tib. Brilliant rosy pink very double flowers in long spikes. Showy and long lasting. Rare. New and most desirable. 50c-\$1.00.

DABOECIA. Irish Bell Heather. The foliage of Daboecia is larger than that of the other heathers. It is smooth, and shiny and deep green. The blooms which are quite large, are drooping and vase shaped, and are borne in airy racemes. They are produced from mid-summer until late autumn. 16 in.

- Polifolia.** Lavender pink, satiny flowers. 35c-75c.
- Polifolia Alba.** Lovely pure white form. 35c.
- Polifolia Versicolor.** Pink, white, and pink and white striped flowers on the same raceme. A quaint oddity. 50c-75c.
- ERICA. Heath.** Much branched plants with small, narrow leaves and bright tubular or bell shaped flowers. There are many varieties.
- Carnea.** Small, smooth leaves arranged in 4's, with showy bell shaped flowers of soft pink with protruding anthers, which appear on the ends of the branches. Blooms all winter. 75c.
- C. Coccinea.** One of the darkest, with bright carmine flowers. 75c.
- C. King George.** Beautiful dark toned flowers. Brilliant and colorful. One of the best. 50c-75c.
- C. Ruby Glow.** A new importation with lovely red flowers. Very fine. 50c.
- C. Snow Queen.** Deep green compact foliage. Grows to about 6 in. Fine clear white flowers from Dec. 75c and \$1.00 each.
- C. Springwood White.** Very prostrate light green foliage and lovely, long-tubed blossoms with attractive chocolate colored anthers. Fine. 50c-75c-\$1.00.
- C. Springwood Pink.** Similar to the white form but a trifle taller. Clear delicate pink. \$1.00 each.
- C. Vivelli.** One of the very finest with dark, metallic purplish foliage and lovely, brilliant carmine flowers. It is a rather decumbent plant. 50c-75c.
- Ciliaris.** Spikes of rosy, purplish pitcher-shaped blooms, and soft, hairy foliage. Blooms from June to Sept. 12 in. 50c.
- Cil. Hybrida Dawn.** Semi-prostrate with soft, hairy leaves. New growth brilliantly colored. Large, rich deep pink bells all summer. 50c-75c.
- Cil Wych.** Long spikes of lovely flesh pink flowers. 75c-\$1.00.
- Cinerea.** Dark, short, needle-like foliage and vivid, reddish purple flowers in summer. 50c-75c.
- Cin. C. D. Eason.** A dwarf compact form with fine spikes of brilliant red. Much admired. 75c-\$1.00.
- Cin. Domino.** White with black stamens. Fine plants. 75c.
- Cin. Golden Drop.** Very dwarf with orange to bronze toned foliage. Choice and different. Fine plants. \$1.00.
- Cin. Golden Hue.** A most unusual plant with tall, tapering stems clothed in bright golden foliage. 75c-\$1.00.
- Cinerea Startler.** A vivid new red toned cinerea. \$1.00.
- Mediterranea.** Somewhat larger, looser and later than carnea. \$1.00 and \$1.50.
- Medit. Brightness.** Compact in habit. Very dark foliage with bronze flower buds which open in March and April to bright pink flowers. 75c and \$1.00.

Medit. Darleyensis. A hybrid between carnea and Mediterranea. It begins to show its pink flowers in November. Very good. \$1.00-\$1.50.

Medit. Superba. Grows well over 2 ft. high. Upright but compact with large bright pink flowers. Blooms late. Still showy in May. \$1.00-\$1.50.

Hybrida Williamsii. A Vagans hybrid. A close shrubby plant with bright green foliage and rose pink flowers in late summer. 50c-75c.

TETRALIX. Cross Leaved Heath. The grayish, hairy leaves are arranged in 4's. Produces large bells of soft dusty pink in pretty terminal clusters for many weeks. June-Oct. 50c-75c.

George Fraser. Tall and sturdy with bluer foliage than the type. Lovely pale pink flowers. 50c and 75c.

Mollis Alba. Taller than tetralix and larger with lighter, hoary foliage and large flowers of purest white. 6 in. 50c, 75c and \$1.

VAGANS. Cornish Heath. Smooth leaves, much like those of the carnea types, but somewhat larger. The bright bell-shaped flowers appear in clusters at the ends of the branches in late summer and fall.

V. Alba. Good clear pure white with very green foliage. \$1.00.

V. Mrs. D. F. Maxwell. Very free flowering. Lovely deep pink blossoms. June to Oct. 50c-75c-\$1.00.

V. Nana. A real dwarf sort with white flowers. Grows very low and spreading. Charming for the rock garden. 75c-\$1.00.

V. St. Keverne. Bright, clear pink flowers. July-Oct. 75c-\$1.00.

HELIANTHEMUM. S. Rock Rose. Showy small shrubs for walls and rockeries with rose-like flowers. Very profuse bloomers.

Apenninum. White flowers 1 in. across. 35c.

Libanotes. Wiry bushlet with slender, dark green leaves and brilliant yellow flowers on wiry stems. 8 in. 50c.

Tuberaria. Mats of corrugated wide leaves and spikes of fine yellow blooms. 35c.

Vulgare. Mats of attractive foliage and many bright flowers resembling wild roses. The plants will maintain their compact shape if they are cut back rather sharply after flowering. Our named varieties are all raised from cuttings.

Anna Johnson. Handsome coral pink. 50c.

Apricot. Large apricot flowers and glossy foliage. 35c.

Ben Ledi. Large flowers of crimson lake. Fine. 35c.

Ben Nevis. Yellow with brownish crimson central zone. 35c.

Brunette. Dusty red with a deeper central ring. 35c.

Buttercup. Clear golden yellow. 35c.

Double Yellow. Fine double flowers of citron yellow. 35c.

Fire Ball. Choice deep red, double. 35c.

Jock Scott. Upright habit with tomato red flowers. 50c.

Mrs. Mould. A new English import with fringed petals of salmon rose. 50c.

Pumpkin Colored. Handsome orange yellow. 35c.

Rose Glory. Showy rose pink. 35c.

JASMINIUM Parkeri. An attractive rounded bushling with finely divided leaves and green stems. Large yellow flowers in summer. Choice and rare. \$1.00.

LAVANDULA. S. D. Lavender. Delightful plants with fragrant gray leaves and violet flowers.

Atropurpurea Nana. Dwarf French Lavender. Very neat and compact with violet blooms freely produced. See Herbs for additional sorts.

LEUCOTHOE Davisiae. S-sh. An especially fine shrublet with 12-15 in. pendant branches heavily clothed with deep green foliage. White lily of the valley like flowers in spring. For acid soil. \$1.00.

LUTKEA Pectinata. Prostrate trailing mossy green foliage. Light yellow flowers. Resembles a mossy saxifrage. Oregon native. 35c.

PIMELEA Coartica. Rare. New Zealand Daphne. Glaucous foliage and tiny fragrant white blooms followed by pearly berries. Prostrate. 50c-75c.

POLYGALA Chamaebuxus. S-sh. A dwarf shrub with small dark evergreen leaves and dainty pea-shaped flowers of yellow and white tipped with rose or crimson. 4-6 in. 50c.

Vayredae. A prostrate bushlet of an inch or two with very narrow dark green leaves and flaming purple and gold blossoms. Rare and lovely. \$1.00.

POTENTILLA. Effective rock plants with bright blossoms and leaves somewhat resembling those of strawberries.

Fruitcosa Purdomi. An attractive shrublet with 2 ft. stems and many yellow strawberry like blooms over a long period in spring and summer. 75c-\$1.00.

RHODODENDRON SPECIES. These small, slow growing species with their wealth of bright bloom, make ideal rockery plants. They require an acid soil in part shade. In addition to those listed we have many others in small quantity. Inquiry invited.

Blue Tit. A four star Rhododendron with lavender blue blossoms. Choice \$1.50 to \$2.00 and to \$3.50.

Calostrotum. Rounded blue gray foliage with coppery reverse and large rosy flowers. \$1.00 to \$2.50 and \$3.00.

Ciliatum. Hairy foliage and large luscious light pink flowers. \$1.00-\$1.50.

Ciliapenense. A cross between Ciliatum and Pemakoense with attractive hairy foliage and fine pink flowers. \$2.50 and \$3.00.

Delienae. Thick leathery oblong leaves and deeply cupped bright pink flowers. \$1.50.

- Ferrugineum.** Alpen Rose. Dark evergreen leaves and bright, rosy red flowers. 12 in. \$1.00, \$1.50, \$2.00.
- Hippiophyoides.** Grayish foliage and soft lavender blooms in profusion. \$1.00, \$1.50, \$2.00, \$2.50.
- Hirsutum.** Hairy, light green leaves, cerise flowers. \$1.00.
- Imbricatum.** Gray green foliage and soft lavender flowers. \$1.00, \$1.50, \$2.00, \$2.50.
- Impeditum.** This is a very slow growing, compact variety with small evergreen leaves and abundant lavender flowers in spring. \$1.00, \$1.50, \$2.00, to \$3.50.
- Intricatum.** Looser growing than Impeditum, with flowers of truer lavender. 50c, \$1.00, \$1.50, \$3.00.
- Ipeanum.** Low spreading habit with handsome lilac flowers. \$1.50.
- Pemokoense.** Low mounds of bronzy foliage with large lavender blossoms. Very desirable. \$1.00, \$1.50, \$2.00.
- Præcox. S-sh.** One of the earliest to bloom with showy orchid blossoms. \$1.00-\$1.50.
- Racemosum.** Leathery rounded leaves, and lovely pink flowers in profusion. A handsome plant. \$2.00 and \$2.50.
- Radicans.** A very low growing tiny leaved species with large rosy blooms. 6 to 8 in. \$1.00-\$1.50.
- Rufescens.** 1-2 ft. shrub with oblong leaves 1-2 in. long. Flowers white to pale blue in clusters. New. \$1.50-\$2.00.
- Williamsianum.** A low grower with rounded leaves and large pink blooms. \$2.00 and \$2.50.
- ROSA.** Rose. These are dwarf species suitable for the rockery.
- Oakington Ruby.** Fine double flowers of deep crimson which do not fade. Blooms all summer. 8 in. 50c ea.
- Rouletti.** The tiniest rose. Dainty foliage and bright double pink flowers. Nearly everblooming. 4-8 in. Choice. 50c.
- ROSMARINUS Officinalis.** An excellent evergreen shrub-like plant for dry places in the rockery or border. Spikes of leafy, grey and green, aromatic foliage, with small clusters of lilac flowers. Should be pruned back each year. 50c.
- SALIX Purpurea Nana.** S. Dwarf purple stemmed willow. Grows 18-24 in. Shears well for low hedges. Attractive blue gray foliage. 50c.
- SARCOCCA Hookeriana humilis.** Lower growing and with more pointed leaves than Ruscifolia. 75c and \$1.00.
- SARCOCCA Ruscifolia.** Sh. Delightful low growing rather globular bushlet with small pointed lustrous evergreen leaves. Attractive black purple berries. 75c-\$1.00.
- SPIRAEA Bullata.** Dwarf shrub with dark, crinkled leaves and rose pink blooms in attractive corymbs. Choice. 12-15 in. 50c-75c-\$1.00.
- Decumbens.** A delightful bushling with wiry stems and clusters of white flowers throughout the summer. Charming. 6-8 in. 50c.

Normanii. Very dense, compact bushlet, with wiry stems and bronzy foliage, which turns raspberry purple in fall. Rosy pink flowers. Outstanding. 6 in. 50c.

STYRAX Japonica. A small open tree to 20 ft. included in the list because of so much local demand. The white flowers appear in May in great profusion making a handsome specimen. Early spring or fall delivery **only**. \$1.50 and up.

TEUCRIUM. Chamaedrys. S. A rounded bush with glossy evergreen foliage and a profusion of bright, rose colored flowers in spikes. July-Sept. 12 in. 35c.

Chamaedrys Prostratum. A low growing form with spreading dense mats of foliage. 35c.

VACCINIUM. Interesting shrubs with beautiful leaves and showy berries.

Vitis Idaea. Mountain Cranberry. A low shrub with shiny, rounded, evergreen leaves and light pink, globular blooms followed by persistent red berries. 9 in. 50c-75c.

Vitis Idaea Minor. A rare dwarf form of the above from Kodiak Island. A delightful miniature, slow growing and compact. 75c-\$1.00.

VERONICA Cupressoides Nana. A rounded bushlet of a foot or so with fine cut evergreen foliage. \$1.00.

VIBURNUM opulus nana. Dwarf snowball. Compact wiry stemmed shrublet with bronzy foliage. Bare stems turn red in winter. 50c.

DWARF CONIFERS

These delightful little trees make excellent accent points for the rockery, and provide a variety in texture, as well as giving interesting winter color. They are small, slow growing varieties which will not become too large and have to be replaced after a year or so. Many of the varieties listed below are rare sorts which we have imported. We are definitely short on small sizes, in many varieties. We do have large specimens in almost every kind, and will be glad to quote sizes and prices.

BARGAIN OFFER. A group of fine specimens in globular forms, mixed varieties of Spruces. Lovely 10 yr. old plants about 12 in. across, unlabeled, while they last. \$5.00 value for \$2.50 each.

CHAMAECYPARIS. Interesting small trees with fine, soft foliage.

Lawsoniana Var. Ellwoodii. A compact, conical little tree with soft, grayish foliage. Very slow growing. 50c and 75c.

Lawsoniana Var. Forsteckenensis. A gray green globular grower with attractive foliage. Dwarf and slow growing. \$2.00.

Obtusa Var. Coraliformis. Slow growing compact form with scale like foliage and twisted branches resembling coral formation. Stock limited. Rare. \$1.00-\$1.50.

Pisifera Var. plumosai minima. Very slow growing. Compact. Makes rounded clumps of lacy foliage somewhat wider than high. 50c-\$1.00 and \$2.00.

Pisifera Var. plumosa minima variegata. A golden variegated form. \$1.00.

Pisifera Var. plumosa nana compacta aurea. Slow growing rounded clumps of golden tipped foliage. \$1.50 and \$2.00.

Pisifera Var. Squorrosa Pygmaea. A very compact, gray globular form. A true dwarf. Very slow growing. \$1.00-\$1.50.

Pisifera Var. Squorrosa Pygmaea Aurea. A golden foliaged globular form. Very dwarf and slow growing. \$2.00 and \$2.50.

CRYPTOMERIA Japonica Nana. Compact, light green globular bush. Will not exceed 18 in. 75c and \$1.00.

JUNIPERUS. Juniper. Grayish or golden foliage, with rather stiff, spiky leaves and and blue berries.

Communis Compressa. When mature, this makes a perfectly conical dwarf tree of absolutely regular form. Young plants are more open, but tighten up with age. The foliage is glaucous green, and the plants grow very slowly. 75c and \$1.00.

PICEA. Spruce. Dense headed trees with stiff, pointed needles.

Albertina Conica. Forms a perfect pyramid of fine, deep green foliage. Very slow growing. 75c.

Excelsa clanbrasiliانا. A very compact, broadly conical, dark green tree with short, crowded branches. \$1.50 and \$2.00 and up.

Excelsa echinaeformis. Upright in habit, leaves long and prickly resembling a hedgehog, hence the name. A very distinct form. \$1.00, \$2.00 and up.

Excelsa Maxwellii. A rugged and ancient looking little tree with short, sturdy trunk and a rounded head of many branches clothed in short, stiff, dark green needles. \$1.50-\$2.50.

Excelsa nidiformis. Dwarf, rounded compact form, densely branched, with stiff, short needles. \$1.00 and \$1.50 and up.

Excelsa procumbens. Prostrate Spruce. Forms low mats with numerous short branches densely clothed in short, pointed needles. \$1.50 and \$2.00.

Excelsa repens. Prostrate, with flattened, somewhat decumbent branches and short, sharp needles. \$1.00, \$1.50 and \$2.00.

Thuya Obtusa Gracilis. A very decorative form with somewhat twisted fans of foliage. \$1.50 and \$2.00.

IRIS SECTION

We have so many kinds of irises, that it seems easier and better to devote a section of our catalog entirely to them. Even then we do not feel that we have done them justice in our descriptions of them; they are so varied and so individual. This is especially true in the case of the iris species, which differ so greatly in size, habit and general requirements. We feel sure that if they were better known, the iris species would be much more extensively planted. If they are chosen with care, it is possible to have some species or variety of

iris in bloom at almost every season of the year.

We are glad to have you visit us at any time, for we almost always have some sort of iris in bloom, and it is much more satisfactory to select your plants when you can see them in bloom. If you can't come to see us, we will be glad to give you additional information by letter.

BEARDLESS IRIS SECTION

Acoroides. Sturdy foliage and large, ruffled flowers of sulphur yellow. 2 ft. 50c.

Arenaria. Sand Iris. Very dwarf, with lovely bright yellow flowers. 1-3 in. Free flowering. April. 50c.

Bracteata. Wide, scanty foliage. Large, deep yellow flowers, veined brownish purple. Choice Oregon native. 6 in. 50c.

Bulleyana. Rather narrow leaves, and flowers blotched and veined blue on a white ground. May-June. 18 in. 50c.

Carolina. Flowers lilac with purple variegations. Leaves bright green. 2-3 ft. 50c.

Chrysographes. Narrow foliage and deep velvety purple blooms with golden or white veins. 2 to 3 ft. 75c.

Chrysophilla. Lovely low evergreen species with white or soft yellow flowers veined purple. Oregon native. 6 in. 50c.

Chrysofor. Hybrid Chrysographes and Forrestii. Variable. Attractive combination of blue shades with yellow. 35c.

Cristata. A lovely little species with tiny, wide open lavender flowers with darker markings and golden crest. 2 in. 35c.

Cristata Alba. S-sh. A rare white form of Cristata with lighter green leaves. Singularly pure and lovely. 50c.

Cristata McDonald form. A delicate opalescent variation. 75c.

Delavayi. Siberica type. Beautifully veined and spotted blue on a white ground. Late blooming. Fragrant. 32 in. 75c.

Dorothea K. Williamson. Deep velvety purple flowers of unusual beauty and substance. 35c.

Douglasiana. Oregon native. Masses of evergreen foliage. Flowers freely produced. Varies from deepest purple through mauve to lavender and white. 12-18 in. 35c.

Agnes James. A most unusual and beautiful pure white. Very large flowers. Early. Rare. 16 in. 50c.

Margot Holmes. Douglasiana and Chrysographes hybrid. Very lovely flowers of fine deep red purple. Choice and rare. \$1.00.

Foetidissima. The seed pods remain on the plant through the winter, bursting open and displaying the orange seeds which are most colorful and effective. Flowers dull blue. 18-24 in. 50c.

- Foliosa.** Deep velvety blue flowers. Abundant foliage. 4-6 in. 35c.
- Forrestii.** Grassy foliage and lovely clear yellow blooms. 15-18 in. 50c.
- Fulva.** Unique and striking terra cotta red. Distinct. 18-24 in. 50c.
- Fulva Red.** A fine deep red. 75c.
- Fulva Wine.** A lovely dark wine tone. 75c.
- Fulva Yellow.** Very rare yellow form of fulva. \$1.00.
- Gracilipes.** S-sh. Dainty crested small flowers of light pinkish mauve on slender, wiry stems. Crest bright orange. 6 in. 50c.
- Gracilipes Alba.** Exquisite white form of this lovely species. New and rare. \$1.00.
- Gracilipes Floreplena.** Blue Rose. A rare and lovely double form. The color is similar to the type and on established plants, produces blooms of more than 30 petals. \$2.50.
- Giganticoerulea.** A lovely tall species with fine light blue blossoms on sturdy stems. 75c.
- Gormanii.** Similar to tenax, but with soft yellow flowers. Choice. 50c.
- Graminea.** Violet and blue flowers. Plum scented. 8 in. 50c.
- Innominata.** S-sh. The most beautiful Western native with a color range from soft deep yellow and glowing orange and from light to dark blue or lavender. Some are selfs and others pencilled red or brown. Evergreen foliage. 6 to 10 in. Mixed colors 50c, selected colors \$1.00.
- Innominata dwarf form.** S-sh. A selected form with particularly dwarf foliage but large flowers. Deep golden yellow color. 75c.
- Innominata. Dr. Riddle strain.** S-sh. Seedlings from a wonderful collection embracing many shades of lavender, purple, orange and yellow. These are extra fine. 75c.
- Japonica.** S-sh. Dainty, frilly orchid-like blossoms of soft lavender with orange crests, in airy sprays. Early. 35c.
- Lacustris.** Similar to cristata, but with smaller, darker flowers. 35c.
- Laevigata.** Flat, broad velvety red purple blooms and narrow foliage. 50c.
- Laevigata Albo-Purpurea.** Flat blossoms with a white ground heavily flecked blue purple. Bog or ordinary garden conditions. 14 in. 75c.
- Laevigata Semperflorens.** Lovely flowers of uniform deep blue with a striking yellow blotch on the falls. Blooms continuously from mid-summer till frost. Bog 2 ft. \$1.00.
- Macrosiphon Hybrid.** Bright green foliage and flowers of pinkish tones with darker veins. 12 in. 50c.

- Milesii.** Similar to *Tectorum*, but with smaller flowers on taller stems. 50c.
- Minuta.** A tiny species with dainty yellow flowers neatly marked with brown and born on short stems. Rare. Early \$1.00.
- Prismatica.** Lilac purple blooms with yellow throat and darker veins. Very dainty and desirable. 16 in. 35c.
- Purdyi.** Flower form similar to *bracteata*, but foliage is narrower. Colors vary from white to lavender. 6-8 in. 50c.
- Ruthenica.** Dwarf, with deep blue-purple flowers. Rare. Good. 50c.
- Sintensisi.** South Italian form. Slender species. Flowers blue on a white ground. 8 in. 50c.
- Stylosa.** (*Unguicularis*). Winter blooming iris. For mild climates. The deep blue flowers are borne amid the grassy foliage on perianth tubes 8 in. long. Very lovely. 50c.
- Stylosa Angustifolia.** Narrower foliage and paler blooms, than the type. Early. 50c.
- Stylosa Dark Form.** Deeper colored than the type. 50c.
- Stylosa Orchid Striped.** A rare new color form with a few violet markings on an orchid ground. New. \$1.00.
- Stylosa Pink Form.** Lovely flowers of orchid pink. Rare and unusual. Stock very limited. \$1.00.
- Stylosa Marginata.** A larger form with broader, more abundant foliage, longer stems and larger flowers. 50c.
- Stylosa Marginata Alba.** A lovely white form of the above. \$1.00.
- Tectorum.** Violet blue, frilled petals. Very large, wavy crest. Interesting and lovely. 12-15 in. 50c.
- Tectorum Album.** A lovely white form. Beautiful golden crest. 75c.
- Tenax.** S-sh. Fine lavender blooms and grassy foliage. 10-12 in. 35c.
- Tenax Selected.** Lovely color forms varying from white and buff through lavender to purple. These are forms especially selected for their fine colors. Mixed shades. 75c.
- Tenuis.** S-sh. Attractive Oregon native with wide light green foliage and showy white flowers veined lavender and yellow. Rare. 50c.
- Thompsonii.** Similar to *Innominata*, but with lavender to purple flowers. 50c.
- Verna.** Sh. lovely dwarf bright blue flowers with golden patch on the center of the falls. Acid soil. 35c.
- Vinicolor.** A striking plant with fine wine colored blooms. 2-3 ft. \$1.00.
- Watsoni.** S-sh. 12 to 18 in. Broad deep green leaves and rich blue purple flowers. 35c.

Wilsonii. A rare species with yellow flowers somewhat veined with brown on the center of the falls. 24 in. 75c.

BULBOUS AND TUBEROUS ROOTED IRIS

These irises are very beautiful and fairly easy of culture in a well drained situation. Fall delivery only.

Eucharica. Wide light green foliage. The plant bears several fine creamy yellow flowers at the top of each stem, and one in each leaf axil. Floriferous and long blooming, beginning in Feb. 12 in. 75c\$1.00, depending on size.

Danfordiae. A dwarf rarely offered species with brilliant yellow blossoms, marked with olive brown. Similar to *Reticulata*. 3in. 50c.

Histrioides Major. A very handsome large flowered dwarf form with gorgeous deep blue flowers marked with white. 75c.

Reticulata. A rare and lovely iris with deep purple blooms of velvety texture with golden streak on the center of falls. Feb. 35c.

Reticulata Cantab. Pale blue form of *Reticulata* with a golden orange crest. Very lovely. Each 50c.

Reticulata J. S. Dijt. B. New hyb. with reddish purple sweet scented flowers Very prolific. 50c.

Reticulata Hercules. Deep red violet, broad petalled form with orange crest. Very distinct and fine. 50c.

Tuberosa. A very odd, fragrant variety with apple green flowers with a lip of velvety blackish purple. 12 in. 50c.

Xiphoides. English Iris. Finest mixed. Late blooming. \$1.25 per doz.

JAPANESE IRISES

Japanese irises are very valuable because they bloom later than almost any other sort. The beautifully colored flowers are larger than those of other irises, and are well adapted for use as cut flowers. They grow well in sun, but will do well in half shade also. They like acid, and will thrive in a moist situation, but will grow well and bloom under ordinary garden conditions if given plenty of moisture before the blooming season. The number in parenthesis after the name indicates the number of petals.

Air Ship. (3) Light lavender blue tinted pink. Charming. \$1.00.

Aka-Fukurin. (3) White falls speckled with rose at the border. Beautiful. \$1.50.

Albatross. (6) Pure white with a fine golden center. 50c.

Azure. (6) Bright sky blue, heavily ruffled, late flowering. \$1.00.

Beauty of Yamamoto. (6) A very fine dark blue with large velvety blooms of splendid texture and substance. Late. \$1.25.

Beya. (6) Mottled white on a violet ground. 50c.

- Blue Eagle.** (6) Very large blue petals of heavy texture white in center. Outstanding. \$1.00.
- Blue Giant.** (3) Rich blue violet, one of the largest. 75c.
- Blue Heron.** (6) Deep sky blue with white center. 75c.
- Blue Opal.** (6) Prominent high petaloides, pale opalescent blue. \$1.00.
- Calvin Coolidge.** (3) White, shading to blue lavender, with a deeper center. 75c.
- Caroline Childs.** (3) White veined blue violet. Extra large. 75c.
- Carolynn.** (3) Large light violet touched with blue around a yellow bar. Appealing. \$1.00.
- Catherine Parry.** (6) Blue, overlaid with rosy glow. High tufted center. 50c.
- Choisei-Den.** (6) Ruffled claret and white. 75c.
- Collingwood.** (3) Lovely large flower, pinkish in tone. Unusual color. Beautifully ruffled. \$1.50.
- Columbia.** (6) Gray ground with bluish lavender veins. Yellow bar. 50c.
- Condor.** (6) Flat red flower with a golden center. Large. 75c.
- Datedogu.** (3) Rich claret red with orange blotches. 50c.
- Delight.** (6) Wisteria purple, penciled white. 50c.
- Dimooneathe.** (6) New large lavender blue with white veining. Ruffled petaloides. Worthwhile and lovely. \$1.50.
- Doris Childs.** (3) Pearl white with plum veined center. 50c.
- Elbrus.** (6) Large ruffled flowers of azure blue. Mid season. 75c.
- Eleanor Parry.** (6) Claret red, flamed white and blue. 75c.
- Ethel J. Marshall.** (3) White ground laced violet, deep violet standards. 75c.
- Fascination.** (6) Large pinkish lavender with prominent central yellow bar highlighted with blue. 75c.
- Flamingo.** (6) Deep rose with white center. Very tall profuse bloomer. \$1.00.
- Frances E. Cleveland.** (6) Large lavender blue. Handsome. \$1.00.
- Goko.** (3) Mottled blue on white. Very wide petals. 50c.
- Gold Bound.** (6) Large pure white flowers very floriferous. 50c.
- Harbinger.** (6) Very deep purple with golden center. Early. 75c.
- Hbe.** (6) White ground with opalescent flush. 75c.
- Hercule.** (6) Large ruffled petals, of varied light to violet tones. 75c.
- Hopi Girl.** (3) Rich wine red. Lovely. 75c.
- Jeanette Parry.** (3) White feathered violet at center. 75c.
- Josephine Heywood.** (3) Very talal fine textured lilac, touched with blue at the center. \$1.00.

- Kango-San.** (6) Rich violet with prominent ruffled petaloides. \$1.00.
- Karahaski.** (6) One of the largest red purples. Very ruffled and fine. \$1.50.
- Katsura Toka.** (3) Gray white ground heavily pencilled with violet. Brilliant purple standards and prominent yellow bar. \$1.00.
- Koko-no-iro.** (6) Profuse blooming red purple with prominent gold bar. 75c.
- Kuruma Dome.** (6) White with claret ruffled edges. Large and imposing. \$1.50.
- Kyodosan.** (6) Lovely wisteria pencilled with white. Choice. 75c.
- La Favorite.** (6) Large ruffled white with opalescent lavender center. General effect white. 75c.
- La Tosca.** (6) White ground with wisteria violet veining. Large flowers. \$1.00.
- Lavender Giant.** (3) Lavender pencilled in deeper tone, wide rounded petals with a silver sheen. \$1.00.
- Lawrence.** (3) White, flecked with lavender blue. 50c.
- Light in the Opal.** (6) Outstanding light pink of medium height. Blue halo. \$1.25.
- Lucie Marshall.** (6) Violet, white veined center, white and yellow blotch. 50c.
- Mahogany.** (6) Deep mahogany red, yellow in center, very tall and attractive. Late. 75c.
- Margaret Hendrickson.** (6) Soft light blue with wavy petals. Very lovely. \$1.00.
- Marjorie Parry.** (6) A huge light lavender, almost white, with tufted center. A vigorous grower. 50c.
- Martha Kemp.** (3) White ground heavily pencilled claret red. 50c.
- Mary Gory.** (6) Deep violet, marked with blue near central white bar, veins white. 75c.
- Melpomene.** (3) Very late, gray blue ground, pencilled red violet. 75c.
- Mirage.** (3) Light pink with a light blue center. \$1.00.
- Miyuki-Guruma.** (6) Large flowered ruffled white with a wide rose border. Exquisite. \$1.50.
- Moonlight Waves.** (6) White. 50c.
- Morning Mist.** (3) (Zamo-no-mori) White with opalescent overture. Light blue, shaded darker with a bright orange center. \$1.50
- Mountain Glacier.** (3) Large white, subtly tinted with frosty blue tones, profuse bloomer. 75c.
- Mrs. Geo. Stumpff.** (3) White shaded soft blue. 50c.
- Mrs. J. A. Hayden.** (6) Pale lavender shaded white at the center. 75c.
- Mrs. Walter Boychuk.** (6) Wisteria lavender, flamed blue, near the center, prominent yellow bar, lovely 75c.

- Nishika.** (3) Large rosy purple mottled white. 50c.
- Norma.** (6) Lavender pink with a light blue halo surrounding a yellow blotch at center. \$1.25.
- Osamaru-Miyo.** (6) Very large beautiful white, heavily veined dark blue. \$1.50.
- Otomene.** (3) Tall royal purple with smoky overlay. Very large and fine. 75c.
- Painted Lady.** (3) White center, marked with light phlox purple, tufted white with darker edge. \$1.00.
- Perfect Peace.** (6) Exquisite frilled large flowered white. \$1.50.
- Pluton.** (6) Tall handsome blue, shaded violet. 75c.
- Purple Glory.** (3) Velvety rich red purple. Lovely. \$1.25.
- Pyramid.** (6) Dark violet suffused blue around central yellow bar. Prominent petaloids. 75c.
- Red Bird.** (6) Deep red, very double, with large tufted center. One of the finest. \$2.50.
- Red Cloud.** (6) Red, white, and yellow in the center. Late. 50c.
- Red Emperor.** Deep red, very large; early. \$1.00.
- Red Riding Hood.** (3) Fine amaranth veined and suffused white. 75c.
- Reine Des Bulgars.** (3) Exquisite large light blue. Free flowering. 50c.
- Repsime.** (6) Light lavender blue with white markings. Late. 75c.
- Rosalind.** (6) Pure rosy mauve. Outstanding \$1.25
- Rose Anna.** (6) Gray with deep red purple veins shaded darker around the yellow zone. 75c.
- Rose H. Sheepers.** (6) Mauve, overlaid with blue, ruffled petaloids. 75c.
- Ruffled Monster.** (6) Violet blue with white center. 75c.
- Seacrest.** (6) White flushed lavender with darker stripes. 75c.
- Shadow.** (3) Heavy blooming, tall reddish purple. \$1.00.
- Shirugu.** (6) Bright blue, very double ruffled petals. 50c.
- Stasha.** (3) White throat marked deeply at edge of petals with blue violet. Very graceful, late. 75c.
- Tora Odori.** (3) Very large flowers of opalescent pinkish lavender. Very lovely. 75c.
- T. S. Ware.** (6) Reddish violet veined white. 75c.
- True Blue.** (6) Very large true blue self color. 75c.
- Water Lily.** (6) White with broad lavender edges. 75c.
- Waving Waters.** (6) Pale blue marked and flushed white; heavy ruffled petals. Lovely. \$1.00.
- Wisters Favorite.** (3) Nearly sky blue with violet shading. Equisite. \$1.00.
- Yomani-uni.** (6) Handsome sky blue. Much admired. \$1.00.

SIBERIAN IRISES

Siberian irises are not nearly so well known as they deserve to be. This is largely due to the fact that the newer varieties are not well known. Until you have grown a few of the newer Siberian irises, you will have no idea how greatly they have been improved in size and color in recent years. They are graceful and lovely, and make excellent cut flowers, lending themselves well to flower arrangement. They will grow well in semi-shaded and boggy situations, although they are just as well suited to regular garden conditions. They prefer a slightly acid soil.

Acuta. Scarce little dwarf in ruffled blue and white, for edgings or rockery. 50c.

Amelia Earhart. Medium deep blue self, flaring. Excellent in color, substance and finish. 40 in. 50c.

Blue Charm. Delightful light blue with large standards, and round horizontal falls. 35 in. 50c.

Blue Ridge. Silvery light blue with turquoise mid rib. Late. 35c.

Blue Star. Fine contrast in light and dark blue. 30 in. 35c.

Blue Wings. Late intense chine blue, with contrasting lighter stigmas. 30 in. 35c.

Caesar. Beautiful dark purple with flaring falls. 35c.

Caesar's Brother. Very fine black purple. Does not fade. 50c.

China Blue. Lovely new light blue with fresh flaring falls. \$2.00.

Cool Spring. Widely branched stalks with many charming pearly blue flowers. 30 in. \$1.50.

Crystal Charm. New, profuse blooming pure white of sparkling texture, with attractively crimped standards. Charming and especially lovely for cutting. \$4.00.

Duchess of York. Large deep blue with broad circular falls. 35c.

Emperor. Outstanding velvety purple. Fine form. 4 ft. 35c

Eric, The Red. Extremely large flowers with broad flaring falls of intense wine red. The standards are large and of the same glowing red. Many flowers on tall well branched stalks. Brilliant, distinctive and lovely. 42 in. \$8.00.

Gatineau. Wonderful, clear medium blue with large flowers on tall sturdy stem. 36 in. 50c.

Gayheart. Large late dark blue, white center. 50c.

Heavenly Blue. An exquisite rich blue. 4 ft. 50c.

Helen Astor. Standards wide and slightly fluted. Falls broad and round, lovely rosy red with white throat. 30 in. \$1.25.

Kingfisher. Showy rich violet. Falls have a white center. 52 in. 35c.

- Llewellyn.** Electric blue. 46 in. 50c.
- Mattawin.** Large blue purple. 36 in. 50c.
- May Morning.** Fine large dark velvety blue. 50c.
- Miss Duluth.** Dark violet with velvety falls. 35c.
